

**PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(a)**

October 11, 2022

**Subject: Switch Decommission, Switch Power Down**

**Carrier:** Windstream Iowa Communications, LLC  
4001 North Rodney Parham Road, Little Rock, AR 72212

**Notice ID:** Network Change Notice SD Iowa 004

**Contact:** For additional information on the planned network changes, please contact:

James Seegar  
Windstream  
1720 Galleria Blvd, Charlotte, NC 28270  
704-845-7466 or 704-728-2272  
James.Seegar@windstream.com

**Change Effective Date:** On or after April 11, 2023

**Planned Network Change(s) will occur at the following locations in Iowa:**

Windstream Central Office	Address	CLLI
Slater, IA DMS10 Switch	413 Main St, Slater, IA 50244	SLTRIXODS0
Slater, IA Meta Switch	413 Main St, Slater, IA 50244	SLTRIXOPS0

Website Link to Notice Posting: <https://www.windstream.com/about-windstream/legal/network-change-notifications> (Select State: Iowa)

**Additional Details:**

**Description of the Planned Network Change(s):**

The DMS switch, located at 413 Main St, Slater, IA 50244, will be decommissioned, powered down, and removed from Windstream's network as a result of network modernization and consolidation. All traffic will need to be routed to the SLTRIXOPS0 Meta Switch, located at 413 Main St, Slater, IA 50244. Windstream SLTRIXODS0 A-Block of 515-685 is being moved to SLTRIXOPS0.

**Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):**

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the SLTRIXOPS0 Meta Switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the SLTRIXODS0 DMS switch will be required to reposition the codes to the SLTRIXOPS0 Meta Switch.

All ASRs for the SLTRIAXOPS0 Meta Switch must be received no later than February 11, 2023, in order to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the SLTRIAXODS0 DMS switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the SLTRIAXODS0 DMS switch (on or after February 11, 2023). This will serve to guide interconnect re-routes of Windstream traffic for native codes currently served by the SLTRIAXODS0 DMS switch to reflect the SLTRIAXOPS0 Meta Switch as the new home switch. All ASRs for the SLTRIAXOPS0 Meta Switch must carry the project code of SLTRIAXOPS0.
