

PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(a)

February 1, 2022

Subject: Switch Decommission, Switch Power Down

Notice ID: Network Change Notice SD Texas 003 Version 2

Carrier: Valor Telecommunications of Texas, LLC
d/b/a Windstream Communications Southwest
4001 North Rodney Parham Road, Little Rock, AR 72212

Contact: For additional information on the planned network changes, please contact:
James Seegar
Windstream
1720 Galleria Blvd, Charlotte, NC 28270
704-845-7466 or 704-728-2272
James.Seegar@windstream.com

Change Effective Date: On or after, August 1, 2022

Planned Network Change(s) will occur at the following locations in Texas:

Windstream Central Office	Address	CLLI
Dalhart, TX DMS10 Switch	601 Denver Ave, Dalhart, TX 79022	DLHRTXXADS0
Dalhart, TX Meta Switch	601 Denver Ave, Dalhart, TX 79022	DLHRTXXAPS0

Website Link to Notice Posting: <https://www.windstream.com/about-windstream/legal/network-change-notifications>

Additional Details:

Description of the Planned Network Change(s):

The DMS switch, located at 601 Denver Ave, Dalhart, TX 79022, will be decommissioned, powered down, and removed from Windstream’s network as a result of network modernization and consolidation. All traffic will need to be routed to the DLHRTXXAPS0 Meta Switch. Windstream Dalhart A-Block of 806-249 is being moved to DLHRTXXAPS0.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the DLHRTXXAPS0 Meta Switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Dalhart TX DMS switch will be required to reposition the codes to the DLHRTXXAPS0 Meta Switch.

All ASRs for the DLHRTXXAPS0 Meta Switch must be received no later than June 1, 2022, in order to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Dalhart TX DMS switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Dalhart TX DMS switch (on or after June 4, 2022). This will serve to guide interconnect re-routes of Windstream traffic for native codes currently served by the Dalhart TX DMS switch to reflect the DLHRTXXAPS0 Meta Switch as the new home switch. All ASRs for the DLHRTXXAPS0 Meta Switch must carry the project code of DLHRTXXAPS0.
