

PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(a)

September 1, 2022

Subject: Switch Decommission, Switch Power Down

Carrier: Valor Telecommunications of Texas, LLC
d/b/a Windstream Communications Southwest
4001 North Rodney Parham Road, Little Rock, AR 72212

Notice ID: Network Change Notice SD Texas 009

Contact: For additional information on the planned network changes, please contact:
James Seegar
Windstream
1720 Galleria Blvd, Charlotte, NC 28270
704-845-7466 or 704-728-2272
James.Seegar@windstream.com

Change Effective Date: On or after March 01, 2023

Planned Network Change(s) will occur at the following locations in Texas:

Windstream Central Office	Address	CLLI
Trent, TX DCO Switch	118 SW 2ND STREET TRENT TX, 79561	TRNTTXXADS0
Trent, TX Meta Switch	118 SW 2ND STREET TRENT TX, 79561	TRNTTXXAPS0

Website Link to Notice Posting: <https://www.windstream.com/about-windstream/legal/network-change-notifications> (Select State: Texas)

Additional Details:

Description of the Planned Network Change(s):

The DCO switch, located at 118 SW 2ND STREET TRENT, TX 79561 will be decommissioned, powered down, and removed from Windstream's network as a result of network modernization and consolidation. All traffic will need to be routed to the TRNTTXXAPS0 Meta Switch, located at 118 SW 2ND STREET TRENT, TX 79561. Windstream TRNTTXXADS0 A-Block of 325-862 is being moved to TRNTTXXAPS0, A-Block of 325-757.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the TRNTTXXAPS0 Meta Switch or have existing trunk groups to that switch augmented. Carriers that are code

holders for access connectivity in the TRNTTXXADS0 DCO switch will be required to reposition the codes to the TRNTTXXAPS0 Meta Switch.

All ASRs for the TRNTTXXAPS0 Meta Switch must be received no later than January 02, 2023, in order to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the TRNTTXXADS0 DCO switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the TRNTTXXADS0 DCO switch (on or after January 02, 2022). This will serve to guide interconnect re-routes of Windstream traffic for native codes currently served by the TRNTTXXADS0 DCO switch to reflect the TRNTTXXAPS0 Meta Switch as the new home switch. All ASRs for the TRNTTXXAPS0 Meta Switch must carry the project code of TRNTTXXAPS0.
