

**TITLE SHEET**

**TELECOMMUNICATIONS SERVICES**

This tariff applies to the Telecommunications Services furnished by McLeodUSA Telecommunications Services, L.L.C. d/b/a PAETEC Business Services (“McLeodUSA”) between one or more points in the State of Minnesota. This tariff is on file with the Minnesota Public Utilities Commission, and copies may be inspected, during normal business hours, at McLeodUSA’s principal place of business, One Martha=s Way, Hiawatha, Iowa 52233.

**CHECK SHEET**

The sheets of this tariff are effective as of the date shown at the bottom of the respective sheets. Original and revised sheets as named below comprise all changes from the original tariff that are currently in effect as of the date at the bottom of this sheet.

**CONCURRING CARRIERS**

None

**CONNECTING CARRIERS**

None

**OTHER PARTICIPATING CARRIERS**

None

---

**TARIFF FORMAT**

Sheet Numbering. Sheet numbers appear in the upper right hand corner of the sheets. Sheets are numbered sequentially. From time to time new sheets may be added to the tariff. When a new sheet is added between existing sheets, a decimal is added to the preceding sheet number. For example, a new sheet added between sheets 5 and 6 would be numbered 5.1.

Sheet Revision Numbers. Revision numbers also appear in the upper right corner of sheets. These numbers are used to determine the most current sheet version on file with the Commission. For example, the 4th Revised Sheet No. 24 cancels the 3rd Revised Sheet No. 24.

Paragraph Numbering Sequence. There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level, as shown by the following example:

2  
2.1  
2.1.1  
2.1.1.A  
2.1.1.A.1  
2.1.1.A.1.(a)  
2.1.1.A.1.(a).I  
2.1.1.A.1.(a).I.(i)  
2.1.1.A.1.(a).I.(i).(1)

Check Sheets. When a tariff filing is made with the Commission, an updated check sheet accompanies the tariff filing. The check sheet lists the sheets contained in the tariff, with a cross-reference to the current revision number. When new sheets are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (\*). The tariff user should refer to the latest check sheet to find out if a particular sheet is the most current one on file with the Commission.

**TARIFF FORMAT** (Cont=d)

Explanation of Symbols. When changes are made in any tariff sheet, a revised sheet will be issued replacing the tariff sheet affected. Changes will be identified on the revised sheet through the use of the following symbols:

- (C) - Identifies a changed regulation.
- (D) - Identifies a discontinued rate or regulation.
- (I) - Identifies an increase in rate.
- (M) - Identifies material moved from one tariff location to another.
- (N) - Identifies a new rate or regulation.
- (R) - Identifies a reduction in rate.
- (T) - Identifies a change in text only.

0.0 Application and Scope of Tariff

0.1 Application

This tariff contains the rates and regulations applicable to intrastate, intraLATA, interexchange and local services provided by McLeodUSA between and among points within the State of Minnesota.

0.2 Scope

McLeodUSA's services are provided subject to the availability of facilities and subject to the terms and conditions of this tariff. All services within the jurisdiction of the Commission provided by McLeodUSA between and among points in Minnesota are governed by this tariff.

0.3 Interconnection with Other Carriers

Service provided by McLeodUSA may be connected with services or facilities of other carriers or may be provided over facilities provided by carriers other than McLeodUSA. However, service provided by McLeodUSA is not a part of a joint undertaking with any other carrier providing telecommunications channels, facilities, or services.

1.0 Explanation of Terms and Abbreviations

1.1 Definitions of Terms

Advanced In-Only Trunk with DID and Hunting

In only trunk with Direct-Inward-Dialing (DID) feature. Requires a DID trunk circuit termination.

Advanced Out-Only Trunk with Answer Supervision

Out-only trunk with supervision feature. This feature passes answer back signaling from the central office switch to the customer=s PBX when a PBX call has been either completed or answered.

Advanced Two-Way Trunk with DID, Hunting and Answer Supervision

Two-way trunk with DID and answer supervision features. Requires a DID trunk circuit termination.

Authorization Code

A numerical code, one or more of which is available to Customer to enable it to access McLeodUSA=s network, and which are used by McLeodUSA to prevent unauthorized access to its facilities and to identify Customer for billing purposes.

Basic In-Only

One-way trunk which allows traffic from the central office switch to be transmitted to the PBX.

Basic Out-Only

One-way trunk which only allows traffic originating in the PBX to be transmitted to the central switch.

1.0 Explanation of Terms and Abbreviations (cont=d)

1.1 Definitions of Terms (cont=d)

Basic Two-Way

Trunk which allows traffic originating in the PBX to be transmitted to the central office switch.

Bit

The smallest unit of information in the binary system of notation.

Calling Card

A billing arrangement by which the charge for a call may be charged to an authorized calling card account.

Calls

Telephone messages completed by Customers.

Central Office

A unit of the RBOC=s system that provides service to the general public and has the necessary equipment and operating arrangements for terminating and interconnecting Customer lines and trunks or trunks only. More than one (1) central office may occupy a building.

Charges

Monthly recurring and nonrecurring amounts billed to Customers for services.

Commission

Minnesota State Public Utilities Commission.

1.0 Explanation of Terms and Abbreviations (cont=d)

1.1 Definitions of Terms (cont=d)

Customer

Any person, firm, association, corporation, agency of the federal, state, or local government, or legal entity responsible by law for payment of rates and charges and for compliance with the regulations of McLeodUSA.

Customer Contract

A written agreement between the Customer and McLeodUSA containing or referring to the rates and regulations applicable to the service being provided.

Customer Premises Equipment

All terminal equipment normally used on the Customer=s premises. This equipment may be Customer-owned, or may be owned by McLeodUSA or another supplier and leased to the Customer.

Delinquent or Delinquency

An account for which an uncontested bill or payment agreement for regulated services has not been paid in full on or before the last day for timely payment. This term may also apply to a contested bill for which the Commission finds the Customer=s complaint to be without merit.

DID

(Direct Inward Dialing) is a special trunking arrangement which permits incoming calls from the exchange network to reach a specific PBX station directly without an attendant=s assistance.

1.0 Explanation of Terms and Abbreviations (cont=d)

1.1 Definitions of Terms (cont=d)

Disconnect or Disconnection

The disabling of circuitry to prevent outgoing and/or incoming calls.

Due Date

The last day for payment of a bill without unpaid amounts being considered delinquent or subject to additional collection efforts. The due date may be designated by A due by,@ Apay by,@ Aif paid by,@ or other such language on the Customer=s bill.

Exchange

A unit established for the administration of local communication services.

Exchange Service

A local communications service furnished by means of local exchange plant and facilities.

Extended Area Service or EAS

Telephone service, offered at a flat local rate, between customers located within an exchange area and all customers in an additional exchange area or areas.

Flat Rate Service

An exchange service for which a specified rate is charged, regardless of the amount of local usage.

Fraud

An attempt to procure or retain service by supplying misleading or deliberately inaccurate information, or by untruthful or unlawful means, including supplying false information on an application for service. There will be a presumption of fraud in cases where the customer=s actual usage for a month, or its pro-rata usage for a partial month, is more than three times the customer=s estimated usage (or the pro-rata share of estimated usage) as supplied by the customer at the time of application (which may be revised by customer based on actual experience upon notification to the Company), and that usage is in excess of \$500. In such cases, the customer may be contacted to notify the customer of the usage levels, and to discuss the reasons for the usage levels. In such cases, restrictions may be imposed upon further usage unless satisfactory payment arrangements are made.

1.0 Explanation of Terms and Abbreviations (cont=d)

1.1 Definitions of Terms (cont=d)

Incumbent Local Exchange Carrier or Incumbent Carrier

The local exchange carrier that has Section 251(c) obligations under the federal Telecommunications Act.

Individual Case Basis

A rate, charge, or condition of the tariff as determined by individual circumstances.

Inside Station Wiring or Inside Wiring

Wiring on the premises beyond the demarcation point.

Interexchange Service

The provision of intrastate telecommunications services and facilities between local exchanges, excluding EAS.

InterLATA Service

The completion of calls between Local Access and Transport Areas.

IntraLATA Service

The completion of calls between points within the boundaries of a Local Access and Transport Area.

Kbps

Kilobits per second, denotes thousands of bits per second.

Local Access and Transport Area or LATA

A geographic area within which Bell Operating Companies are permitted to offer interexchange service. These areas were established as a result of the break-up of the former Bell System.

Local Exchange Utility or Local Utility

A telephone utility that provides local service under a tariff filed with the Commission. The utility may also provide other services and facilities.

Local Service

Telephone service furnished between points located within an area where there is no toll charge. Unless otherwise specified, local calling areas in this tariff shall be the same as the local calling areas of the incumbent carrier.

1.0 Explanation of Terms and Abbreviations (cont=d)

1.1 Definitions of Terms (cont=d)

Mbps

Megabits, denotes millions of bits per second.

MCA

Metropolitan Calling Area

McLeodUSA

McLeodUSA Telecommunications Services, L.L.C. d/b/a PAETEC Business Services

McLeodUSA Switch

A local switch owned and operated by McLeodUSA. In the pricing tables, service identified as being provided via AMcLeodUSA Switch@ or AOn Switch@ is provided using a switch port from the McLeodUSA Class 5 Local Switch in combination with a local loop leased from the incumbent carrier.

Message

A telephone call made by a Customer.

Month

For billing purposes, a month is considered to have thirty (30) days.

Network Elements

Elements of the incumbent carrier network leased by McLeodUSA pursuant to an interconnection agreement or approved wholesale tariffs. In the pricing tables, service identified as being provided via ANetwork Elements@ is provided using a combination of network elements.

Number of Digits Sent

The number of digits of the telephone number sent from the Central Office to the telephone system for interpretation and routing to the end user. Typically a function of DID.

Operator

An automated or live operator.

PAETEC

McLeodUSA Telecommunications Services, L.L.C. d/b/a PAETEC Business Services

Point of Presence (or POP)

The location in McLeodUSA=s system where local access facilities connect to an interexchange carrier=s network.

1.0 Explanation of Terms and Abbreviations (cont=d)

1.1 Definitions of Terms (cont=d)

Port

A connection to McLeodUSA=s switching network with one or more voice grade communications channels, each with a unique network address (telephone number), dedicated to the Customer. Each port is equipped with a Terminal Interface.

Premise Visit Charge

This charge applies when a technician is dispatched for Premise Work. This charge could be in addition to the Schedule I, Schedule II or Schedule III charges for time and labor. This charge also applies if a technician is dispatched to the customer location and cannot gain access to the customer premises at the scheduled time.

Premise Work

Any work done on the Customer=s side of the network interface device.

Premises

The space occupied by a Customer or authorized user in a building or buildings or contiguous property (except railroad rights-of-way, etc.) not separated by a highway.

Public Safety Answering Point

A communications facility operated on a twenty-four (24) hour basis and serving participating jurisdictions that initially receives 911 calls and either directly dispatches emergency response services or relays the calls to the appropriate public safety agency.

Rates

The usage amounts billed to customers for regulated services and/or equipment.

Re-routing of numbers

Provides the option of re-directing telephone numbers from one T1 facility to another or from other local lines to the T1 facility. Typically utilized with DID trunking service.

Schedule I

Rates associated with Premise Work done during normal business hours.

Schedule II

Rates associated with Premise Work done after business hours and all day on Saturday.

Schedule III

Rates associated with Premise Work done on Sundays and holidays. Holidays include New Year=s Day, Washington=s Birthday, Memorial Day, Independence Day, Labor Day, Veteran=s Day, Thanksgiving Day, and Christmas Day.

1.0 Explanation of Terms and Abbreviations (cont=d)

1.1 Definitions of Terms (cont=d)

Service

Any or all service(s) provided by McLeodUSA pursuant to this tariff.

Service Order

The written request for Network Services executed by the Customer and McLeodUSA in the format designated by McLeodUSA. The signing of a Service Order by the Customer and acceptance by McLeodUSA initiates the respective obligations of the parties as set forth herein and pursuant to the tariffs of McLeodUSA, but the duration of the service is calculated from the service commencement date.

Shared

A facility or equipment system or subsystem that can be used simultaneously by several Customers.

Signaling

Represents the type of signaling format utilized to maintain a T1 level digital transmission from the Central Office to the customer premise. Signaling options include: AMI, ESF, SF, B8ZF; other options may be available on an individual case basis.

Standard Elements

For McLeodUSA bundled local packages, the Standard Elements consist of switched local dial tone, unlimited local calling, local number portability and mandatory EAS or EACS.

Suspend or Suspension

To disconnect or impair a service temporarily in order to disable either outgoing or incoming calls or both.

T1- Advanced

Includes In-Only Trunk with DID and Hunting, Out-Only Trunk with Answer Supervision or Two-Way Trunk with DID, Hunting and Answer Supervision.

T1 Basic or Combo

Includes In-Only Trunk, Out-Only Trunk or Two-Way Trunk. Combo is a combination of Basic and Advanced.

1.0 Explanation of Terms and Abbreviations (cont=d)

1.1 Definitions of Terms (cont=d)

Terminal Interface

The method of physical connection between a McLeodUSA-provided service and a Customer=s or User=s transmission cable, inside wiring, or terminal equipment. Depending upon the service ordered by the Customer, there may be a choice of terminal interfaces. The Customer is responsible for ordering a terminal interface that is compatible with the Customer=s or User=s terminal equipment. All terminal interfaces will be provided by industry-standard connectors as specified in or authorized by Subpart F of Part 68, Title 47, Code of Federal Regulations.

Timely Payment

A payment of the Customer=s account made on or before the due date shown on a current bill for rates and charges or by an agreement between the Customer and McLeodUSA for a series of partial payments to settle a delinquent account.

Two-Way

A service attribute that includes DOD (the ability to dial directly from an extension without having to go through an operator or attendant) for outbound calls and can also be used to carry inbound calls to a central point for further processing.

User

A Customer or any other person authorized by a Customer to use service provided to the Customer under a McLeodUSA tariff.

1.0 Explanation of Terms and Abbreviations (cont=d)

1.2 Explanation of Acronyms and Trade Names

DA = Directory Assistance  
EAS = Extended Area Service  
EACS = Extended Area Calling Service  
EUCL = End User Common Line  
FCC = Federal Communications Commission  
ILEC = Incumbent Local Exchange Carrier  
IXC = Interexchange Carrier  
LATA = Local Access and Transport Area  
LNP = Local Number Portability  
NPA = Numbering Plan Area, more commonly known as Area Code  
NRC = Non-Recurring Charge  
OS = Operator Service  
PICC = Primary Interexchange Carrier  
RBOC = Regional Bell Operating Company  
SNI = Standard Network Interface  
Sprint = Sprint Communications Company, L.P.  
TDD = Telecommunication Device for the Deaf  
TRS = Telecommunications Relay Services Surcharge  
TTY = TeleTYpewriter  
USF = Universal Service Fund

2.0 General Rules and Regulations

2.1 Undertaking of McLeodUSA

2.1.1 General

Pursuant to this tariff, McLeodUSA undertakes to provide within the service area in which McLeodUSA has been approved for certification the regulated intrastate, intraLATA, interexchange services, and resale and wholesale services described in Section 3.0.

2.1.2 Limitations

- A. Service is offered subject to the availability of the necessary facilities and equipment and subject to the provisions of this tariff in compliance with limitations set forth in the Commission's rules.
- B. McLeodUSA reserves the right to limit or to allocate the use of existing facilities, or of additional facilities offered by McLeodUSA, when necessary because of lack of facilities, or due to some other cause beyond McLeodUSA's control on a non-discriminatory basis.
- C. The furnishing of service under the tariffs of McLeodUSA is subject to the availability on a continuing basis of all the necessary facilities and is limited to the capacity of the McLeodUSA's facilities as well as facilities the McLeodUSA may obtain from other carriers to furnish service from time to time as required at the sole discretion of the Company.
- D. McLeodUSA reserves the right to discontinue service when the Customer is using the service in violation of the provisions of this tariff, signed contract, or the law, with notice as required by the rules of the Commission.
- E. McLeodUSA does not undertake to transmit messages or information, but offers the use of its facilities, when available, for that purpose.

2.0 General Rules and Regulations (cont=d)

2.2 Use

2.2.1 Lawful Purpose

Services provided under this tariff may be used for any lawful purpose for which the service is technically suited consistent with the transmission and switching parameters of the telecommunications facilities utilized in the provision of the service.

2.2.2 Use of Service for Unlawful and/or Fraudulent Purposes

McLeodUSA=s services are provided subject to the condition that they will not be used for any unlawful and/or fraudulent purpose. Services will not be furnished if any law enforcement agency, acting within its jurisdiction, advises McLeodUSA that such services are being used or are likely to be used in violation of the law and/or in a fraudulent manner. If McLeodUSA receives other evidence giving reasonable cause to believe that such services are being used or are likely to be used for unlawful and/or fraudulent purposes, it may either discontinue or deny the services and/or refer the matter to the appropriate law enforcement agency in accordance with law and/or Commission rules.

2.2.3 Unauthorized Use

Any individual who uses or receives McLeodUSA=s services other than under the provisions of an accepted application for service and a current Customer relationship shall be liable for the appropriate rates and charges for the service received and for McLeodUSA=s costs of investigation and collection.

2.2.4 Recording Devices

McLeodUSA=s services are not designed for the use of recording devices, and customers who use such devices to record two-way telephone conversations do so at their own risk.

2.2.5 Use of Service Mark

No Customer shall use any service mark or trademark of McLeodUSA or refer to McLeodUSA in connection with any product, equipment promotion, or publication of the Customer without the prior written consent of McLeodUSA.

2.0 General Rules and Regulations (cont=d)

2.3 Liability

McLeodUSA's liability, if any, for its willful misconduct is not limited by this Tariff. With respect to any other claim or suit, by a customer, or by any others, for damages associated with installation, provision, preemption, termination, maintenance, repair or restoration of service, or any other service, McLeodUSA's liability, if any, shall not exceed an amount equal to the proportionate part of the monthly recurring charge for the service for the period during which the service was affected. This liability shall be in addition to any amounts that may otherwise be due the customer under this Tariff or state commission regulations as an allowance for interruptions.

The services furnished by McLeodUSA, in addition to the limitations set forth preceding, also are subject to the following limitations: McLeodUSA shall not be liable for damage arising out of our mistakes, omissions, interruptions, delays, errors or defects in transmission or other injury, including but not limited to injuries to persons or property from voltages or currents transmitted over the service of McLeodUSA caused by customer provided equipment (except where a contributing cause is the malfunctioning of a McLeodUSA-provided connection arrangement, in which event the liability of the Company shall not exceed an amount equal to a proportional amount of the McLeodUSA billing for the period of service during which such, mistake, omission, interruption, delay, error, defect in transmission or injury occurs.) McLeodUSA also shall not be liable for the acts or omissions of other companies when their facilities are used to provide service.

Except for granting credit allowances for interruptions of service as provided in the last paragraph of this section, McLeodUSA shall not be liable for any claim or loss, expense or damage, for any failure of performance due to failure or malfunction of Customer-supplied equipment, acts of God, storms, fires, floods or other catastrophes, power failure, natural emergencies, insurrections, riots or wars, or any law, order, regulation, or other action of any governmental authority or agency thereof.

McLeodUSA shall not be liable for, and shall be fully indemnified and held harmless by, Customers against any claim or loss, expense or damage, for defamation, libel, slander, invasion, infringement of copyright or patent, unauthorized use of any trademark, trade name, service mark, or proprietary or creative right, or any other injury to any person, property, or entity arising out of the material, data, or information transmitted.

2.0 General Rules and Regulations (cont=d)

2.3 Liability (cont=d)

No agent or employee of any other carrier shall be deemed to be an agent or employee of McLeodUSA.

McLeodUSA=s liability due to any failure of the transmission shall not exceed an amount equal to the charges provided for by the applicable tariff (for regulated services) and applicable price list, catalogue, and/or contract (for all other services) for the call. McLeodUSA shall not be liable for damages arising out of the use of McLeodUSA=s services for the transmission of anything other than voice grade service.

McLeodUSA will provide a customer=s correct name and telephone number to a calling party either upon request to or interception by McLeodUSA in the event there is an error or omission in the customer=s directory listing. McLeodUSA=s liability for any errors or omissions in any directory listings is limited to the charges made for the listing itself. McLeodUSA shall not be liable for any incidental, indirect, special or consequential damages of any kind, including loss of use, loss of business, or loss of profit, arising from errors or omissions in directory listings.

2.0 General Rules and Regulations (cont=d)

2.3 Liability (cont=d)

Notwithstanding anything to the contrary in this section, if Customer=s service is interrupted and remains out of service for more than twenty-four (24) hours after the earlier of being reported to McLeodUSA or being found by McLeodUSA to be out of order, and if the interruption is not the result of a negligent or willful act by the Customer, a malfunction of Customer-owned equipment, McLeodUSA=s inability to gain access to the Customer=s premises, or causes beyond McLeodUSA=s control as described in the first paragraph of this section, McLeodUSA will make appropriate adjustments upon request. Such adjustments, in the form of direct payments or bill credits, will be the proportionate part of the monthly charge for all services and facilities rendered inoperative during the interruption, beginning with the hour of the report to McLeodUSA, or discovery by McLeodUSA, of the interruption. A service interruption may include, among other events, lawful disconnections pursuant to Section 2.11 of this tariff and when a customer=s service interrupted during a move to a new Customer premise.

2.4 Equipment

2.4.1 Inspection, Testing, and Adjustment

McLeodUSA may, upon reasonable notice, make such tests and inspections as may be necessary to determine whether the requirements of this tariff are being complied with in the installation, operation, or maintenance of the Customer=s equipment. McLeodUSA may interrupt the service at any time, without penalty to itself, unless interruption exceeds twenty-four (24) hours.

2.4.2 Interference and Hazard

The operating characteristics of Customer premises equipment or communications systems connected to McLeodUSA=s services must not interfere with, or impair, any of the services offered by McLeodUSA. Additionally, connected Customer premises equipment must not endanger the safety of McLeodUSA employees or the public, damage or interfere with the proper functioning of McLeodUSA=s equipment, or otherwise injure the public in its use of McLeodUSA=s services.

2.0 General Rules and Regulations (cont=d)

2.4 Equipment (cont=d)

2.4.3 Maintenance and Repair

A. Customer Liability

The Customer shall be responsible for damages to McLeodUSA=s facilities used in the provision of regulated services caused by the negligence or willful act of the Customer or those using McLeodUSA=s service through the Customer. The Customer may not physically modify or intrude upon, rearrange, disconnect, remove, or attempt to repair any of McLeodUSA=s facilities except upon written consent of McLeodUSA.

B. Leased or Owned Facilities

The Customer=s obligation to McLeodUSA is the same whether the facilities involved are McLeodUSA=s facilities or are facilities leased by McLeodUSA from another party. If McLeodUSA incurs expenses due to the Customer=s actions that result in damage or impairment of McLeodUSA=s owned or leased facilities, McLeodUSA will pass on to the Customer any and all expenses to repair McLeodUSA=s facilities or that the owner imposes on McLeodUSA for leased facilities.

2.5 Contract for Service

2.5.1 Standard Contract

Installation of certain services may require a contractual agreement between a Customer and PAETEC. The contractual agreement specifies the terms and conditions of service not covered by this tariff. The contract does not alter the obligations of PAETEC to Customers as described in this tariff. The agreement may require the Customer to pay a minimum monthly fee (AMMF@) wherein the Customer agrees, in writing, to pay for the duration of the term agreement, either the monthly recurring and usage charges, or the MMF amount, whichever is greater. Should the Customer choose to terminate their contract without cause prior to the agreed upon term, the Customer will be liable for the MMF specified in the contract multiplied by the number of months remaining in the term, unless Customer converts to another service provided by PAETEC with equal or greater term and MMF commitment. In the event PAETEC continues to provide service after the Customer contract is terminated or expires, then PAETEC shall continue to provide service to the Customer under the terms of the then applicable tariff and applicable terms of the expired contract under a month-to-month arrangement.

---

2.0 General Rules and Regulations (cont=d)

2.5 Contract for Service (cont=d)

2.5.1 Standard Contract (cont=d)

A sample Customer contract may be found in Attachment II to this tariff. The primary factors McLeodUSA will use to determine whether a customer has good cause to terminate its service contract without termination liability are: whether McLeodUSA has failed to restore a service outage on a timely basis, which shall be no later than five (5) days after the complete outage is reported; the extent to which the customer has experienced multiple service-affecting problems as confirmed by McLeodUSA within a consecutive 30-day period where those problems materially impact a customer=s ability to send or receive voice calls or fax transmissions; and the extent to which McLeodUSA has repeatedly failed, within a consecutive 30-day period, to provide a customer with timely responses to a complaint as provided by Minnesota Rules, part 7810.1100

2.5.2 Individual Case Basis (AICB@) Contract

McLeodUSA may offer unique pricing to a Customer or group of Customers in certain circumstances through ICB contracts, which contracts may include (1) promotional pricing to customers in certain geographic locations; (2) term or term and volume discounts; (3) unique prices to particular customers, or groups of customers, when differences in the cost of providing a service, market conditions, or competitive pricing practices justify a different price; (4) different prices in different geographic areas when differences in the cost of providing a service, or market conditions, justify a different price. Services that are eligible for ICB contract include Preferred Advantage<sup>SM</sup> Local Service Packages, Local Service Package Optional Services (Hunting, market expansion lines, extended area calling scope, Wire Care, screening and restrictive services, directory assistance, optional directory listings), Preferred Advantage<sup>SM</sup> Long Distance Minute Packages, Voice Mail and Dial Up Internet Services, Preferred Advantage<sup>SM</sup>, Dedicated Local, Preferred Advantage<sup>SM</sup> Dedicated Long Distance, Preferred Advantage<sup>SM</sup> Dedicated 800, Preferred Advantage<sup>SM</sup> Enhanced 800, Preferred Advantage<sup>SM</sup> Broadband Internet Access, Preferred Advantage<sup>SM</sup> High Speed Internet Access, Preferred Advantage<sup>SM</sup> City to City Connections, Preferred Advantage<sup>SM</sup> Virtual Private Network, Calling Card, and Conference Calling. ICB contracts may be treated as confidential and proprietary by McLeodUSA.

---

2.0 General Rules and Regulations (cont=d)

2.5 Contract for Service (cont=d)

2.5.3 Post Contract and Renewal

In the event McLeodUSA continues to provide service beyond the end of the initial term without an additional written agreement between the parties, then McLeodUSA shall continue to provide service to the Customer under the terms of the then applicable tariff and applicable terms of the expired contract under a month-to-month arrangement. McLeodUSA may choose to renew the contract for a period equal to its original term by giving the Customer notice of the proposed renewal. If the Customer does not timely advise McLeodUSA that the Customer desires to terminate the contract at the end of the contract, then the contract will renew.

2.6 Application for Service

2.6.1 Information Required

When applying for service, each prospective Customer will be required to furnish McLeodUSA with the following information:

- A. The name of the party who will be responsible for payment for the service provided.
- B. The address or addresses or exact location of the premises where service is to be provided and billed.
- C. Any information required to make a proper determination of appropriate creditworthiness.

2.6.2 Initiation of Service

Service shall be deemed to be initiated upon the service activation date. For multi-location customers, service shall be deemed to be initiated upon service activation at the first location.

2.6.3 Advance Payments

At the time an application for service is made, an applicant may be required to pay an amount equal to at least one month=s service and/or installation charges which may be applicable, in addition to such special construction and installation charges as are to be borne by the applicant. The amount of the advance payment is credited to the customer=s account on the first bill rendered.

Federal, State or Municipal governmental agencies may not be required to make advance payments.

---

2.0 General Rules and Regulations (cont=d)

2.7 Deposits

2.7.1 Deposit and Guarantee Requirements

McLeodUSA may require a deposit or guarantee of payment from any customer or applicant who has not established good credit with McLeodUSA. Deposit or guarantee of payment requirements are based upon standards which bear a reasonable relationship to the assurance of payment. McLeodUSA may determine whether a customer has established good credit with us, except as herein restricted:

A) A customer, who within the last 12 months has not had service disconnected for nonpayment of a bill and has not been liable for disconnection of service for nonpayment of a bill, and the bill is not in dispute, shall be deemed to have established good credit.

B) McLeodUSA shall not require a deposit or a guarantee of payment based upon income, home ownership, residential location, employment tenure, nature of occupation, race, color, creed, sex, marital status, age, national origin, or any other criteria which does not bear a reasonable relationship to the assurance of payment or which is not authorized by this chapter.

C) McLeodUSA shall not use any credit reports other than those reflecting the purchase of utility services to determine the adequacy of a customer's credit history without the permission in writing of the customer. Any credit history so used shall be mailed to the customer in order to provide the customer an opportunity to review the data. Refusal of a customer to permit use of a credit rating or credit service other than that of a utility shall not affect the determination by McLeodUSA as to that customer's credit history.

D) Qualifying applicants for Lifeline Service may initiate service without paying a deposit if they voluntarily elect to have Toll Blocking on their line. Toll Blocking will be provided at no charge to Lifeline customers.

---

2.0 General Rules and Regulations (cont=d)

2.7 Deposits (cont=d)

2.7.1 Deposit and Guarantee Requirements (cont=d)

McLeodUSA may accept, in lieu of deposit, a contract signed by a guarantor satisfactory to McLeodUSA whereby payment of a specified sum, not exceeding the deposit requirement, is guaranteed. The term of such contract shall be for no longer than 12 months, but shall automatically terminate after the customer has closed and paid the account with McLeodUSA, or at the guarantor's request upon 60 days' written notice to McLeodUSA. Upon termination of a guarantee contract or whenever McLeodUSA deems same insufficient as to amount or surety, a cash deposit or a new or additional guarantee may be required for good cause upon reasonable written notice to the customer.

The service of any customer who fails to comply with these requirements may be disconnected upon notice. McLeodUSA shall mail the guarantor copies of all disconnect notices sent to the customer whose account he has guaranteed unless the guarantor waives such notice in writing.

2.7.2 Amount of Deposit

When required, a customer may assure payment by submitting a deposit. The amount of the deposit shall not be more than two (2) months of usage of McLeodUSA's services for any specific Customer. The amount of such usage may be estimated from past usage, the Customer's estimated anticipated usage, or McLeodUSA's state average usage considering type and nature of service.

All deposits shall be in addition to payment of an outstanding bill or part of such bill as has been resolved to the satisfaction of McLeodUSA, except where such bill has been discharged in bankruptcy. McLeodUSA shall not require a deposit or a guarantee of payment without explaining in writing why that deposit or guarantee is being required and under what conditions, if any, the deposit will be diminished upon return.

2.0 General Rules and Regulations (cont=d)

2.7 Deposits (cont=d)

2.7.3 New or Additional Deposit

A new or additional deposit may be required to cover the amount provided in Section 2.7.2 above when a deposit has been refunded or is found to be inadequate by virtue of abnormal usage or nonpayment. Written notice shall be mailed advising the Customer of any new or additional deposit requirement, and the Customer shall have twelve (12) calendar days from the date of mailing to provide the new or additional deposit. The new or additional deposit is payable at the address specified in Section 2.7.4.

2.7.3.A Abnormal Toll Usage

For customers with at least six (6) consecutive months of service, "abnormal toll usage" is defined as at least a twenty-five percent (25%) increase in monthly usage charges amounting to at least twenty dollars (\$20). The Customer's average monthly bills for not less than the three (3) prior months shall be used in determining the increase. For customers with less than six (6) consecutive months of service, "abnormal toll usage" is defined to exist when one (1) month's service exceeds the deposit attributable to the service by twenty-five percent (25%) amounting to at least twenty dollars (\$20).

2.0 General Rules and Regulations (cont=d)

2.7 Deposits (cont=d)

2.7.4 Handling of Deposits

Deposits shall be sent or delivered to: McLeodUSA Telecommunications Services, L.L.C. d/b/a PAETEC Business Services, One Martha=s Way, P.O. Box 3177, Hiawatha, Iowa 52233. McLeodUSA will maintain records that show the name and address of each depositor, the amount and date of the deposit, and each transaction concerning the deposit. Unclaimed deposits, together with accrued interest, shall be credited to an appropriate account and shall be disposed of in accordance with law.

2.7.5 Receipts

A receipt of deposit will be furnished to each Customer from whom a deposit is received. Upon request, duplicate receipts will be provided to Customers who have lost their receipts if the deposits are substantiated by McLeodUSA's records.

2.7.6 Customer Obligations

The existence of a deposit in no way relieves the Customer of the obligation to comply with McLeodUSA's regulations for the prompt payment of bills.

2.0 General Rules and Regulations (cont=d)

2.7 Deposits (cont=d)

2.7.7 Refund

The deposit shall be refunded by direct mail or credited to the Customer after not more than twelve (12) consecutive months of prompt payment to McLeodUSA. The account shall be reviewed after twelve (12) months of service, and if the deposit is retained, it shall again be reviewed at the end of McLeodUSA's accounting year or on the anniversary date of the account. With notice any deposit of a customer shall be applied by McLeodUSA to a bill when the bill has been determined to be delinquent.

2.7.8 Interest

Interest shall be paid at least annually on deposits in excess of \$20 at the rate of six percent per year compounded annually from the date of initial deposit to the date of refund or disconnection by direct payment or as a credit on bills.

Upon termination of service, the deposit with accrued interest shall be credited to the final bill and the balance shall be returned within 45 days to the customer.

2.0 General Rules and Regulations (cont=d)

2.8 Billing

2.8.1 Monthly Billing

Bills to Customers will be issued monthly unless McLeodUSA is authorized by the Commission to bill at other than monthly intervals because of unusual circumstances. Local service charges, including installation charges, are billed in advance. Certain toll charges and NRCs are billed in arrears. If a Customer elects, McLeodUSA may issue a billing statement to a Customer in an electronic format only.

McLeodUSA shall have no responsibility with respect to billings, charges, or disputes related to services used by the Customer which are not included in the services herein including, without limitation, any local, regional, and long distance services provided by a third party vendor. The Customer shall be fully responsible for the payment of any bills for such services and for the resolution of any disputes or discrepancies with the service provider.

2.8.2 Bill Contents

The bill form or a bill insert will provide the following information: the dates at the beginning and end of the billing period; the last date for timely payment, which shall not be less than twenty (20) days after the bill is rendered; the amount of the net charge, stated by category, for local service, bundled packages, packages of long distance minutes, ancillary services and equipment, toll service, information service, sales tax and excise tax, and of any late payment charge, together with the gross amount of the bill, with separate entries for total amounts current or in arrears. McLeodUSA will also comply with reasonable requests for bill detail. A sample bill form appears as Attachment I to this tariff.

(Account Service Fee and Access Recovery Surcharge are grandfathered and moved to Section 6.30)

2.0 General Rules and Regulations (cont=d)

2.9 Payment for Service

2.9.1 Late Payment Charge

McLeodUSA may impose a one time late payment charge not to exceed 1.5% on any bill not paid by the due date listed on the invoice. Customers are obligated to drop off payment at a designated payment location or mail payment to the address contained on the invoice. Customers shall be responsible for all costs incurred in the collection of unpaid charges or in any other action to enforce payments and/or obligations arising under this tariff. McLeodUSA will also charge a check service charge if a check tendered for payment is returned to McLeodUSA as non-sufficient funds (NSF) or is not in acceptable form.

Residential customers will be granted one complete forgiveness of a late payment charge each calendar year. On one monthly bill in each period of eligibility, the net amount of such bill will be accepted as full payment for the month after expiration of the net payment period. The Customer will be notified by mailed written notice that the eligibility has been used. Such forgiveness of late payment charges will have no effect on the credit rating of the Customer.

2.9.2 Partial Payment

If a Customer makes a partial payment in a timely manner and does not designate the service for which payment is made, the payment shall first be applied to the undisputed balance for local service, with the remainder applied on a pro rata basis to regulated utility services and toll service. Any remainder will then be applied to deregulated and unregulated services other than toll. Any late payment penalty charge will be applied only to the outstanding balance for utility services.

2.9.3 Timely Payment for Residential Customers

Each residential Customer is permitted to have a last day for timely payment changeable for cause in writing.

2.0 General Rules and Regulations (cont=d)

2.9 Payment for Service (cont=d)

2.9.4 Collection

No collection efforts other than the rendering of the bill shall be undertaken until the delinquency date.

2.9.5 Taxes and Fees

Any governmental assessments, fees, licenses, or other similar taxes or fees imposed upon McLeodUSA may be charged to Customers receiving McLeodUSA's service within the territorial limits of the governmental authority imposing such taxes and fees. Such taxes and fees will be allocated among such Customers on the basis of Customers' monthly charges for the types of service made subject to the taxes or fees. Such taxes and fees will be separately stated on bills.

LNP, PICC, USF, TRS, TTY/TDD surcharges will also be charged where applicable.

2.10 Disputes and Complaints

2.10.1 Disputed Bills

In the event of a dispute concerning the bill, McLeodUSA will require the Customer to pay a sum of money equal to the amount of the undisputed portion of the bill. Following payment of the undisputed amount, efforts to resolve the complaint using the complaint procedures in Section 2.10.2 shall continue, and for not less than forty-five (45) days after the rendering of the disputed bill. Service shall not be disconnected for nonpayment of the disputed amount. The 45-day period may be extended by up to sixty (60) days if requested of McLeodUSA by the Minnesota Public Utilities Commission in the event the Customer files a written complaint with the agency. Subject to regulatory requirements, McLeodUSA's policy is to limit retroactive adjustments for billing errors to 90 days prior to the date the error is discovered.

2.0 General Rules and Regulations (cont=d)

2.10 Disputes and Complaints (cont=d)

2.10.2 Complaint Procedures

Inquiries, general questions, or complaints may be directed informally to McLeodUSA by telephone, in person, or in writing at McLeodUSA=s office located at One Martha=s Way, P.O. Box 3177, Hiawatha, Iowa 52233. Business customers can reach McLeodUSA=s customer service department by dialing toll-free: 1-800-593-1177. Residential customers can reach McLeodUSA=s customer service department by dialing toll-free: 1-800-500-3543. McLeodUSA=s customer service department accepts calls on a twenty-four-hour-a-day basis. Complaints concerning the charges, practices, facilities, or services of McLeodUSA will be investigated promptly and thoroughly. McLeodUSA will keep records of each complaint showing the name and address of the complainant, the date and nature of the complaint, its disposition, and all other pertinent facts dealing with the complaint that will enable McLeodUSA to review and analyze its procedures and actions for at least thirty (30) days. Each Customer may file with the Commission for resolution of disputes. Each complainant will be mailed a statement of the complainant=s right to contact the Commission at:

Minnesota Public Utilities Commission  
121 7th Place East, Suite 350  
St. Paul, Minnesota 55101-2147

2.0 General Rules and Regulations (cont=d)

2.10 Disputes and Complaints (cont=d)

2.10.3 Bill Insert or Notice

McLeodUSA shall notify Customers, by bill insert or notice on the bill form, of the address and telephone number where a McLeodUSA representative qualified to assist in resolving the complaint can be reached. The bill insert or notice shall also include the following statement: "If McLeodUSA does not resolve your complaint, the service may be subject to state regulation. You may contact the Minnesota Public Utilities Commission, 121 Seventh Place East, Ste 350, St. Paul, MN 55101, 1-651-296-7124." The bill insert or notice on the bill will be provided no less than annually.

2.11 Service Refusal, Disconnection, and Suspension

In no event shall service be disconnected on the day preceding or day on which McLeodUSA's local business office or local authorized agent is closed.

2.11.1 Notice of Pending Disconnection

Prior to the disconnection of service, McLeodUSA shall provide a written notice to the Customer setting forth the reason for disconnection and the final date by which the account is to be settled or specific action taken. Final dates shall be no less than ten (10) calendar days with respect to an unpaid bill after the notice is rendered and no less than 12 days with respect to an unpaid or new deposit. The notice shall be considered rendered to the Customer when deposited in the U.S. Mail with postage prepaid. If delivery is by other than U.S. Mail, the notice shall be considered rendered when delivered to the last known address of the person responsible for payment for the service. The notice will specify (800-593-1177 for business customers; 800-500-3543 for residential customers) as a toll-free number at which a McLeodUSA representative can be reached to provide additional information about the disconnection.

2.0 General Rules and Regulations (cont=d)

2.11 Service Refusal, Disconnection, and Suspension (cont=d)

2.11.2 Reasons for Service Refusal, Disconnection, and Suspension

Service may be refused, disconnected, or suspended:

- A. Without notice if a condition on the Customer=s premises is determined by McLeodUSA to be hazardous.
- B. Without notice if the Customer uses the service in such a manner as to adversely affect McLeodUSA=s equipment or McLeodUSA=s service to others.
- C. Without notice if equipment furnished, leased, or owned by McLeodUSA is subject to tampering.
- D. Without notice if there is unauthorized use. Unauthorized use includes, without limitation, use or attempted use for an unlawful purpose and/or use or attempted use in any fraudulent manner.

2.0 General Rules and Regulations (cont=d)

2.11 Service Refusal, Disconnection, and Suspension (cont=d)

2.11.2 Reasons for Service Refusal, Disconnection, and Suspension (cont=d)

- E. With prior written notice if there are reasonable grounds to believe there is a violation of or noncompliance with McLeodUSA=s regulations on file with the Commission, municipal ordinances, or law.
- F. With prior written notice if the Customer or prospective Customer fails to furnish service equipment, permits, certificates, or rights-of-way specified to be furnished in McLeodUSA=s regulations filed with the Commission as conditions for obtaining service, or withdraws such equipment or terminates those permissions or rights, or fails to fulfill the contractual obligations imposed upon the Customer as conditions of obtaining service.
- G. With prior written notice if the Customer fails to permit McLeodUSA reasonable access to its equipment.
- H. With prior written notice if the Customer routinely uses abusive or profane language or makes physical threats in conversations with McLeodUSA personnel, or otherwise abuses access to customer service personnel by making repeated unwarranted calls that are unrelated to specific service issues.

2.0 General Rules and Regulations (cont=d)

2.11 Service Refusal, Disconnection, and Suspension (cont=d)

2.11.3 Refusal, Disconnection, and Suspension of Service for Nonpayment of Bill

Except as restricted by Section 2.11.4, service may be refused, disconnected, or suspended for nonpayment of a bill if McLeodUSA has made a reasonable attempt to effect collection and:

- A. McLeodUSA has provided the Customer with ten (10) days= prior written notice with respect to an unpaid bill or twelve (12) days= written notice with respect to an unpaid new deposit.
- B. McLeodUSA is open, at minimum, one more hour and open the following day of the scheduled disconnection.
- C. In the event of a dispute concerning the bill, McLeodUSA will require the Customer to pay a sum of money equal to the amount of the undisputed portion of the bill. Following payment of the undisputed amount, efforts to resolve the complaint using the complaint procedures in Section 2.10.2 shall continue, and service shall not be disconnected for nonpayment of the disputed amount.

2.0 General Rules and Regulations (cont=d)

2.11 Service Refusal, Disconnection, and Suspension (cont=d)

2.11.4 Insufficient Reasons for Refusal, Suspension, or Discontinuance of Service

The following reasons are not sufficient cause for refusal, suspension, or discontinuance of service to a present or prospective Customer:

- A. Delinquency in payment for service by a previous occupant of the premises to be served, unless that occupant is a Customer of the same household as the customer.
- B. Failure to pay for unregulated services or equipment purchases.
- C. Failure to pay the bill of another Customer as guarantor thereof.
- D. Failure to pay for a different type or class of public utility service or 900, 960 or 976 calls disputed by the Customer. However, if a residential customer has requested that McLeodUSA remove the free 900 or 976 call blocking service, then that Customer shall be fully responsible for payment of all such calls regardless of who made the call from the Customer=s telephone line.
- E. Failure to pay for information service not regulated by the Commission.
- F. Permitting another occupant of the premises access to the telephone utility service when that other occupant owed an uncollectible bill for service rendered at a different location.

2.11.5 Medical Emergency

Notwithstanding any other provision of this tariff, McLeodUSA will postpone the disconnection of service to a residential Customer for a reasonable time, not to exceed thirty (30) days, if the Customer produces verification from a physician or a public health or social services official stating that telephone service is essential due to an existing medical emergency of the Customer, a customer of the Customer=s family, or any permanent resident of the premises where service is rendered. This written verification shall identify the medical emergency and specify the circumstances. Initial verification may be by telephone if written verification is forwarded to McLeodUSA within five (5) days.

2.0 General Rules and Regulations (cont=d)

2.11 Service Refusal, Disconnection, and Suspension (cont=d)

2.11.6 Temporary Service

When McLeod renders temporary service to a Customer, the Customer may be required by McLeod to bear the entire cost of installing and removing the service facilities in excess of any salvage realized.

2.12 Cancellations and Deferments of Service

When a Customer cancels or defers an order for service before the service is activated, a charge applies that will allow McLeodUSA to recover its unrecovered costs, including but not limited to outside vendor charges, engineering, labor, materials, and equipment. Charges apply as follows:

2.12.1 Cancellation

In a cancellation situation, the charge is equal to the unrecoverable costs incurred prior to the request for cancellation and the costs of removal, restoration, and disposal, if any, to comply with the cancellation. Those costs include, but are not limited to, costs of outside vendors, engineering, labor, nonrecoverable materials, and equipment expense.

2.0 General Rules and Regulations (cont=d)

2.12 Cancellations and Deferrals of Service (cont=d)

2.12.2 Deferment of Start of Service

If a request for deferment of service is received by McLeodUSA prior to the date an order for equipment or service is placed with McLeodUSA=s supplier, no charge shall apply. For deferments received by McLeodUSA subsequent to the date the order for equipment or service is placed with McLeodUSA=s supplier, a monthly recurring charge based upon the costs incurred prior to the request for the deferment applies. This monthly rate shall be equal to the deferred investment multiplied by the monthly prime interest rate as announced by USBank plus recurring costs resulting directly from the deferral such as storage, taxes, etc., unless otherwise ordered by the Commission.

In addition, any extraordinary nonrecurring costs resulting from the deferral, such as additional engineering, labor, and transportation, shall be billed in total. Billing shall start at the beginning of the month of deferment and extend to the start of service. Charges shall not exceed the monthly rate that would have applied had the service been established. McLeodUSA will also charge the Customer who defers service any and all rates and charges incurred by McLeodUSA for any leased facilities for which McLeodUSA is held responsible. McLeodUSA will make a good faith effort to minimize those rates and charges whenever possible.

2.13 Information Service Access Blocking

Where facilities are available, McLeodUSA shall institute call blocking to all A900@, A960" and A976@ prefix numbers, without charge for the first block subject to applicable law. If a customer chooses to eliminate the free call blocking service for these types of calls, the Customer shall be fully responsible for all such charges regardless of who made such calls from the Customer=s telephone line. McLeodUSA will comply with all applicable rules of the Commission concerning such blocking.

2.0 General Rules and Regulations (cont=d)

2.14 Special Construction and Special Arrangements

Subject to the agreement of McLeodUSA and to all of the regulations contained in the tariffs of McLeodUSA, special construction and special arrangements may be undertaken on a reasonable efforts basis at the request of the Customer. Special arrangements include any service or facility relating to a regulated telecommunications service not otherwise specified under tariff, or for the provision of service on an expedited basis or in some other manner different from the normal tariff conditions. Special construction is that construction undertaken:

- A. where facilities are not presently available, and there is no other requirements for the facilities so constructed;
- B. of a type other than that which McLeodUSA would normally utilize in the furnishing of its services;
- C. over a route other than that which McLeodUSA would normally utilize in the furnishing of its services;
- D. in a quantity greater than that which McLeodUSA would normally construct;
- E. on an expedited basis;
- F. on a temporary basis until permanent facilities are available;
- G. involving abnormal costs; or
- H. in advance of its normal construction.

2.14.1 Basis for Charges

Where McLeodUSA furnishes a facility or service on a special construction basis, or any service for which a rate or charge is not specified in McLeodUSA=s tariffs, charges will be based on the costs incurred by McLeodUSA and may include: (1) non-recurring type charges; (2) recurring type charges; (3) termination liabilities; or (4) combinations thereof. The agreement for special construction will ordinarily include a minimum service commitment based upon the estimated service life of the facilities provided.

2.0 General Rules and Regulations (cont=d)

2.14 Special Construction and Special Arrangements (cont=d)

2.14.2 Basis for Cost Computation

The costs referred to in 2.14.1 preceding may include one or more of the following items to the extent they are applicable:

- A. Installation cost of the facilities to be provided including estimated costs for the rearrangements of existing facilities. Installation cost includes the cost of:
  - A. equipment and materials provided or used,
  - B. engineering, labor and supervision,
  - C. transportation,
  - D. rights of way, and
  - E. any other item chargeable to the capital account;
- B. Annual charges including the following:
  - A. cost of maintenance,
  - B. depreciation on the estimated cost installed of any facilities provided, based on the anticipated useful service life of the facilities with an appropriate allowance for the estimated net salvage,
  - C. administration, taxes and uncollectible revenue on the basis of reasonable average costs for these items,
  - D. any other identifiable costs related to the facilities provided, and
  - E. an amount for return and contingencies.

---

2.0 General Rules and Regulations (cont=d)

2.15 Telephone Assistance Plan (TAP):

Telephone Assistance Plan (TAP) is a state sponsored assistance program under Minnesota Statutes Chapter 237 and is designed to make telephone service accessible to qualifying low-income residential households. Through this program, eligible households will receive a monthly discount on their telephone service.

2.15.1 Eligibility Requirements:

To be eligible for assistance, an applicant must meet the following requirements:

- A. This discount applies on a single line at the principal place of residence for the applicant.
- B. Applicant signs document certifying under penalty of perjury that the consumer has income at or below 135 percent of the Federal Poverty Guidelines or receives benefits from at least one of the following programs:

- Medicaid
- Food Support (food stamps)
- Minnesota Family Investment Program (MFIP)
- Supplemental Security Income
- Federal Public Housing Assistance or Section 8
- Low Income Home Energy Assistance Program
- National School Lunch Program=s Free Lunch Program
- Temporary Assistance for Needy Families (Minnesota Family Investment Program, or MFIP)

Individuals who do not qualify under any of the above but live on a federally recognized reservation may qualify if the applicant signs a document certifying under penalty of perjury that the applicant receives benefits from at least one of the following programs:

- Bureau of Indian Affairs General Assistance
- Tribally administered Temporary Assistance for Needy Families
- Head Start (only those meeting its income qualifying standard)
- National School Lunch Program=s free lunch program.

2.0 General Rules and Regulations (cont=d)

2.15 Telephone Assistance Plan (TAP): (cont=d)

C. Applicant agrees to notify McLeodUSA if that consumer ceases to participate in any of the above listed federal assistance programs.

2.15.2 Certification Revocation

If McLeodUSA discovers that conditions exist that disqualify the recipient of TAP, local service will be billed at full rate. The customer will be billed retroactively to whichever is the most recent of the dates TAP assistance commenced or the recipient no longer qualified for the service not to exceed 12 months.

2.15.3 State TAP Monthly Surcharge

\$ .06\*

(R)

2.16 Non-Routine Installation

At the Customer's request, installation and/or maintenance may be performed outside the Company's regular business hours or in hazardous locations. In such cases, charges based on cost of the actual labor, material, or other costs incurred by or charged to the Company will apply. If installation is started during regular business hours but, at the Customer's request, extends beyond regular business hours into time periods including, but not limited to, weekends, holidays, and/or night hours, additional charges may apply. If the Customer reschedules an installation, additional charges may apply.

\* Effective as of August 1, 2011.

(T)

3.0 Description of Services Offered

3.1 Local Service

3.1.1 Nature of Service

Local Service is a service that allows customers to originate non-toll local calls at locations within the service areas in which McLeodUSA has been approved for certification for termination within the local calling area (including any applicable EAS areas) of those locations. Subject to service availability and the package selection by the customer, Local Service may include services in addition to those required for completion of non-toll local calls (including services which may not be subject to regulation under this tariff) which are purchased as part of a bundled package.

3.1.2 Availability

McLeodUSA offers local service in the areas in which it has been certified by the Minnesota Public Utilities Commission and in which McLeodUSA has available required network facilities or is able to lease required network facilities to enable the offering of service. Some features may not be available in all areas, or may slightly vary between service areas contingent on network availability or configuration. McLeodUSA will provide the most feature rich version of a feature in the bundled Local Service package available in a given market depending on network availability or configuration.

3.0 Description of Services Offered

3.1 Local Service (cont=d)

3.1.3 Local Service Packages

The standard elements of local line packages consist of local dial tone and unlimited local calling unless otherwise noted in a Service specific description. Mandatory extended area service (>EAS@) is provided where applicable for the prices set forth in the Rate Tables. Customers with multiple lines at a single location may purchase different Packages for each telephone line at a particular location. A Local Line Price Adjustment is applied to each business and residential local line that was established prior to June 13, 2005 and is serviced out of a Resale CLLI (see Section 5.1). The Local Line Price Adjustment will not be applied to new Preferred Advantage lines added to your account on or after June 13, 2005. Business Customers purchasing a Business Package may select a long distance package of anytime minutes for each location, which shall be shared by all lines serving that Customer location. Business Customers purchasing Local Service Packages are also eligible to purchase a per minute long distance service that offers reduced long distance rates due to the purchase of bundled package of local and long distance services from McLeodUSA. Residential Customers shall select a long distance package of anytime minutes for each location, which shall be shared by all lines serving that Customer location.

3.0 Description of Services Offered

3.1 Local Service (cont=d)

3.1.3 Local Service Packages (cont=d)

3.1.3.A. Advantage Business Lines

Advantage Business Lines is a service that allows customers to originate non-toll local calls at locations within the service areas that McLeodUSA has been approved for certification for termination within the local calling area (including any applicable EAS areas) of those locations. Subject to service availability.

(Business Packages B, D and E are grandfathered and moved to Section 6.24.)

(Business Packages A, C, and F are grandfathered and moved to Section 6.31)

(Business Packages G and H are grandfathered and moved to Section 6.31)

(Business Packages I and J are grandfathered and moved to Section 6.31)

(Residential Packages are grandfathered and moved to Section 6.28)

3.0 Description of Services Offered

3.1 Local Service (cont=d)

3.1.4 Description of Features Included In Certain Local Service Packages.

Some features included in certain Local Service Packages may not be available in all areas, or may slightly vary between service areas contingent on network availability or configuration. McLeodUSA will provide the most feature rich version of a feature in the bundled Local Service package that is available in a given market depending on network availability or configuration.

Anonymous Call Rejection

Allows customer to automatically reject all calls that have been marked anonymous by the calling party. The call is routed to a denial announcement and subsequently terminated.

Blocking Services.

Blocking Services prevent certain call types from being completed. Blocking service examples include blocking outgoing 10XXX1+ or 900 or 976 calls.

Call Forwarding Busy/Don't Answer/Variable

Call forwarding is the ability to forward an incoming call to a preselected station if the called station is unable to receive the call. "Call forwarding busy" will forward the call if the called station is in use; "call forwarding don't answer" will forward the call after a predetermined number of rings; "call forwarding variable" will forward the call regardless of the status of the called station. For Business customers, Call Forwarding Busy/Don't Answer options are only available as optional services to a location at which the customer also currently purchases Voice Mail from McLeodUSA.

Call Block

Allows customer to block incoming calls from up to a maximum of fifteen telephone numbers.

Call Trace

Permits the tracing of the last call received and holds the results for later use by an authorized law enforcement agency. Results of call trace will be provided only to appropriate law enforcement personnel, and not to the customer.

Call Transfer

The ability to forward a call in progress to another station.

3.0 Description of Services Offered

3.1 Local Service (cont=d)

3.1.4 Description of Features Included In Certain Local Service Packages (cont=d)

Call Transfer Disconnect

Call Transfer Disconnect is the ability to transfer of calls to another line, disconnecting that call so that it frees up the original line.

Call Waiting

Call waiting is the ability of the called station to generate a tone when the called station is in use to alert the user that another call is waiting to connect with the called station.

Call Waiting ID

Call waiting ID is the ability to identify the party calling when on another call.

Caller ID Blocking

Provides a permanent indicator on a customer=s line. Once the block is established on the customer=s line, the private status can be deactivated by the customer by dialing a series of number before each call, to change the indicator from private to public. This one call unblock allows the name and number to be sent for that one call only.

Customers who choose per line blocking for the first time will not be charged the nonrecurring charge. New customers to the Caller ID serving area will be provided the same option. A customer requesting per line blocking will pay a nonrecurring charge for re-establishing line blocking.

The standard dialing pattern for per-call Called ID Blocking is \*67 (1167 from a rotary telephone). The standard dialing pattern for a per-call unblocking is \*82 (1182 from a rotary telephone).

Caller Identification

Allows for the automatic delivery of a calling party=s name, telephone number (including non-published and non-listed telephone numbers) or both to the called customer. The number is displayed on customer provided equipment.

McLeodUSA will provide the most feature rich version of caller identification in the bundled Local Service package available in a given market depending on network availability or configuration.

3.0 Description of Services Offered

3.1 Local Service (cont=d)

3.1.4 Description of Features Included In Certain Local Service Packages (cont=d)

Repeat Dialing

Allows a customer to dial a code that will cause the feature to automatically redial the last number the customer dialed. If the called number is busy, the feature will redial the called number for a limited period of time. A distinctive ring alerts the customer when the called number becomes available. This service is available on a usage or subscription basis.

Hunting

Hunting is the ability to forward an incoming call to the next number in a hunting group if the called number is busy.

Circular Hunt is an option of Hunting service that allows for hunting to start at the dialed number and continues in ascending order to the last number in the hunt group. Hunting then proceeds to the first number of the hunt group and continues through the group until an idle line is reached or the number just preceding the dialed number is reached. The rates and charges for Circular Hunt are in addition to the rates and charges for Hunting Service.

Preferential Hunt is an option of Hunting service that allows for calls to a specific number (other than the first number) within a hunt group to hunt over a unique sequence of lines within the hunt group. The Preferential Hunt sequence is different than that encountered when a caller dials the first telephone number in a hunt group.

Call Return

The customer does not have to know the number of the calling party. If the calling party's number is blocked by the calling party, the service will not return the call.

No Solicitation

Allows a customer to deter sales and telemarketing calls received by the customer. This is accomplished via a recorded message which informs the caller that the customer does not accept telephone solicitations, and asks solicitors to hang up and to place the called party on the solicitors Do-not-call list. No Solicitation automatically screens calls between the hours of 8:00 A.M. until 9:00 P.M. daily. A caller may press one, or stay on the line to complete the call connection.

3.0 Description of Services Offered

3.1 Local Service (cont=d)

3.1.4 Description of Features Included In Certain Local Service Packages (cont=d)

Priority Call

Provides the end user with a distinctive ring when called from pre-selected telephone numbers. Calls other than from the selected numbers are received with a standard ring pattern. Toll Free, International and 900 numbers are not programmable with Priority Call.

Remote Access to Call Forward

This feature allows a user at a Aremote@ location to activate/deactivate the call forwarding feature. The user gains remote access to the call forwarding feature from a touch tone phone at a remote location. The RACF feature uses an announcement system to provide interactive voice message prompting, which allows customers to verify the forwarded-to directory number. Changes are accomplished by remotely calling an access number, entering the appropriate line and PIN information when prompted to do so, and making any desired changes.

Speed Calling

Permits placing calls to 8 or 30 telephone numbers dialing an abbreviated code.

Three-Way Calling

The ability to add a third line to an established conversation.

Toll Restriction

Toll Restriction provides for exchange access lines to be restricted from dialing billable toll calls. Attempted violation of the restrictions are routed to an announcement.

3.0 Description of Services Offered

3.1 Local Service (cont=d)

3.1.5 Intercept Services/Referral Recording

Intercept Services provide new number or explanatory information to callers dialing changed or disconnected numbers. The services include messages delivered either mechanically or by operator. Basic Intercept and Referral Recording services apply to temporary and permanently disconnected numbers. Intercept services are for periods up to 12 months for business customers and up to 3 months for residential customers.

Basic Intercept Service includes all intercept recordings that do not provide the new number information. New Number Referral Service includes all intercept recordings that provide the new number information.

3.1.6 PRI T-1 Service

PRI T-1 (Primary Rate Interface) T-1 Service provides the customer with a direct digital connection via switched access to one or more private or public services. PRI T-1 Service is an enhanced T-1 service that allows the customer Integrated Services Digital network (ISDN) bandwidth that facilitates end-to-end digital connectivity to support a variety of services. PRI T-1 Service is 23 B channels each being a full 64,000 bps. One channel is a D channel to allow for signaling information to be passed. The service is utilized to connect ISDN compatible equipment at the customer premises to a suitably equipped McLeodUSA node.

(Local T1 Service, Dynamic T-1 and Dynamic PRI descriptions are grandfathered and moved to Section 6.32)

3.0 Description of Services Offered (cont=d)

3.1 Local Service (cont=d)

3.1.7 Foreign Exchange (FX) Service

FX Service enables a Customer to receive a Company-provided Local Service at a point outside the Service Area corresponding to the NPA-NXX designation of such Local Service. The Local Calling Area and all Usage Service rates which apply to an FX Exchange Service are the same as those which regularly apply to other Company-provided Local Services bearing the same NPA-NXX designation.

3.1.8 Directories

3.1.8.A. Listing Service

One listing, the Primary Listing, is provided without charge for each customer location. Where two or more exchange lines are served on a hunting service basis, only one Primary Listing for the group will be provided.

3.1.8.B. Directory Distribution

One local exchange directory will be provided to a customer for each customer location at the time directories are distributed by the incumbent local exchange carrier.

3.1.9 Calling Card

A postpaid calling card issued by Carrier which allows Subscribers and/or Users to make telephone calls and charge the calls to a postpaid account. Calls charged to a Carrier-issued postpaid Calling Card will appear on the Subscriber's regular monthly bill.

(PRI description is grandfathered and moved to Section 6.32. Previous Calling Card description is grandfathered and moved to Section 6.33.)

3.0 Description of Services Offered (cont=d)

3.2 Directory Assistance

3.2.1 Nature of Service

Directory Assistance (DA) Service is defined as furnishing aid in obtaining telephone numbers.

3.2.2 Availability

DA is available to all Customers.

3.2.3 Maximum Number of Requests Per Call

Two (2) requests for a telephone number will be accepted per call to the DA operator. A telephone number that is not listed in the DA records will not be available to the Customer.

3.2.4 Operator Limitations

The Directory Assistance operator will not transfer, forward or redial a Customer's call to any other location for any purpose other than provision of DA service.

3.2.5 Persons and Locations Exempt from DA Charges

3.2.5.A Locations From Which DA Calls May be Placed Without Charge

There shall be no DA charge for calls originating from hotels, motels, or hospitals.

3.2.5.B Persons Exempt From All DA Charges

Any Customer who is visually, physically or mentally handicapped in a way that makes the Customer unable to utilize a telephone directory shall be exempt from charges for DA. The Customer must provide McLeodUSA with certification of this condition. Certification from a doctor, psychologist, psychiatrist, county or state social service agency, or similar person or agency will be acceptable. The exemption is effective prospectively and also retroactively for the month prior to the presentation of the certificate to McLeodUSA.

3.0 Description of Services Offered (cont'd)

3.3 Operator Services

Operator Services is the furnishing of services for the completion of calls by consumers and customers pre-subscribed to company made with the assistance of a company operator within the state including aggregator sites and locations. Aggregator sites include, but are not limited to hotels/motels, hospitals, business, military establishments; and locations of public, semi-public, or private pay telephones. Note: Charges for these services are exempt when requested by authorized emergency personnel. Customers may receive bills directly from other operator service providers whose services the customer may use.

Busy Line Verification Surcharge B Charge to end-user to verify whether a telephone line is in use or has trouble.

Busy Line Verification Interrupt Surcharge B Charge to end-user to verify whether a telephone line is in use, and then to interrupt the end-users current phone call.

3.0 Description of Services Offered (cont'd)

3.3 Operator Services (cont=d)

Calling Card Surcharge B This charge applies when a 0+ or 0- call is charged to a valid calling card. In order to control fraud, the company may refuse to accept a card that it determines or suspects to be invalid.

Collect Surcharge B This charge applies when an end-user requests the operator to bill the charges to the called station or party which agrees to pay for all charges.

General Assistance Surcharge - Charge to end-user to obtain information such as time of day, day of the week, area codes, international country and/or city codes.

Operator Dialed Surcharge - In addition to the per minute usage rates, an operator dialed surcharge also applies to each type of call. This is a charge that is assessed to the customer for having the operator dial the called number for them.

Payphone Surcharge B The Payphone surcharge applies to the following state-to-state\* and international\* consumer calls placed from a public or semi-public payphone that are paid for by means other than depositing coins into the payphone:

- \*calls billed to a third number
- \*collect calls
- \*calls billed to a calling card
- \*calls to Directory Assistance
- \*prepaid card service calls.

Person-to-Person Surcharge B Charge when the end-user specifies to the operator a particular party to be reached. If the original person, department, mobile station, extension, or office designated by the end-user is unavailable and the end-user requests or agrees to talk to any other party, the call is still charged as a Person-to-Person call.

Property Imposed Fee (PIF) B Per call charge imposed by property owner.

Third Party B The end-user requests the operator to bill the charges for a call to a number other than that of the called or calling party. The party receiving the charges agrees to pay for all charges.

\* The Commission does not regulate interstate or international calls. These are within the jurisdiction of the FCC.

3.0 Description of Services Offered (cont'd)

3.5 Long Distance Interexchange and 800 Services

3.5.1 Commercial Switched Outbound ("1+")

Switched outbound services provide direct dialed ("1+") long distance services to commercial Subscribers. Subscribers may also access McLeodUSA's services by dialing "10XXX." Subscribers access McLeodUSA's services through switched access origination.

3.5.2 Commercial Switched 800/888/877 Inbound

Switched 800/888/877 provides an inbound toll-free calling service to commercial Subscribers. Subscriber is billed for each toll-free call, rather than the call originator. Calls terminate to Subscriber via switched access lines. Customer may be billed a monthly recurring charge. Inbound toll free intraLATA calls or inbound toll free instate interLATA calls where McLeodUSA may or may not be the responsible organization and where an interexchange carrier, or an entity other than a local exchange carrier, is not involved in the switching and transport of those calls between the calling party and McLeodUSA switching center, shall be subject to the rates for inbound toll free calling as published herein.

3.5.3 Commercial Dedicated Outbound (1+)

Dedicated outbound services provide direct dialed ("1+") long distance services to commercial Subscribers. Subscribers may also access McLeodUSA's services by dialing "10XXX." Subscribers access McLeodUSA's services through dedicated access origination.

3.5.4 Commercial Dedicated 800/888/877 Inbound

Dedicated 800/888/877 provides an inbound toll-free calling service to commercial Subscribers. Subscriber is billed for each toll-free call, rather than the call originator. Calls terminate to Subscriber via dedicated access lines. Inbound toll free intraLATA calls or inbound toll free instate interLATA calls where McLeodUSA may or may not be the responsible organization and where an interexchange carrier, or an entity other than a local exchange carrier, is not involved in the switching and transport of those calls between the calling party and McLeodUSA switching center, shall be subject to the rates for inbound toll free calling as published herein.

(The previous language has been grandfathered and moved to Section 6.29.)

(The previous language had been grandfathered and moved to Section 6.34.)

---

3.0 Description of Services Offered (cont'd)

3.5 Long Distance Interexchange Services (cont=d)

3.5.5 800/888/877 Inbound with PIN

800/888/877 Inbound with PIN provides customers the opportunity to phone a predesignated number using a company 800/888/877 with a four-digit PIN assigned by the company. Calls are billed in full minute increments with a one-minute minimum.

3.5.6 Complex Routing

A variety of routing options are available to subscribers.

Geographic Blocking provides the end user with the ability to block toll-free calls from specific area codes.

800 Geographic Routing provides the end user with the ability to route calls to a predetermined location based on originating area code.

800 Number Screening provides the ability to route calls to a predetermined location based on originating NPA or NPA/NXX, LATA or ANI.

8XX Blocking provides the ability to allow or disallow based on info digits.

Percent Call Allocation provides end users the ability to route calls to multiple call centers based on a predetermined percentage of calls received.

Time-of-Day Routing provides end users the ability to route calls to a predetermined location based on the time of day the call originates.

Toll-Free Account Codes allows the subscriber to process the toll-free call by entering a specific or valid account code.

3.5.7 DID DNIS

DID DNIS allows for the Subscriber to translate DID numbers to a customer specified digit translation.

3.5.8 Charges Based on Duration of Use

Each call is rated and billed in whole cents according to the following conventions:

For any long distance services offered by McLeodUSA if the computed charge for a call includes a fraction of a cent, the fraction is rounded up to the next whole cent.

Exceptions. Special rounding arrangements may be made through contractual arrangements.

(Time of Day has been grandfathered and moved to Section 6.29.)

(The previous descriptions are grandfathered and moved to Section 6.29 and 6.34)

---

3.0 Description of Services Offered (cont'd)

3.6 800 Services

3.6.1 Description of Features Available with Toll Free Service

Bill to Term

Assigns billing records to a termination bill code.

Geo Routing

Allows a Toll Free number to terminate to a different terminations based on area of origination. Specified by State, LATA, NPA, NPA/NXX or ANI.

Message Referral

Provides the caller with a recording stating that the Toll Free number has been disconnected and/or refers them to a new number.

Percent Allocation

Routes calls to locations based on location size and percent of calls as defined by customer.

Repeat Caller

System tracks how many calls are received from any given ANI. Callers can be uniquely routed or blocked from the system based on a pre-determined number of calls.

Route Advance

Allows a Dedicated Access Line (DAL) to overflow to one POTS line.

Route Completion Overflow

Sets up Toll Free to overflow traffic to a pre-determined routing group.

Tailored Call Coverage

Allows the customer to customize call handling from specific originating areas at the area code or state level. Callers can hear options such as a busy signal, out of area messages, or be sent to a default location.

---

3.0 Description of Services Offered (cont'd)

3.6 800 Services (cont=d)

3.6.1 Description of Features Available with Toll Free Service (cont=d)

Time Routing

Customers can route calls based on Time of Day, Day of Week/Year, Holiday hours, Special Occasions, or any number of Time based Routing that takes effect automatically once set up.

Uniform Call Distribution

Provides uniform call distribution to multiple service centers in multiple locations.

3.7 Promotional Offerings

McLeodUSA may from time to time engage in special promotions of limited duration. These promotions may be in the form of waiver or reduced recurring and nonrecurring fees, lowered usage charges, or other actions designed to attract new Customers or to increase existing Customer awareness of a particular service. All promotions will be offered on a non-discriminatory basis to eligible Customers.

3.8 Term and Volume Discounts

Customer signing a term service agreement to purchase certain term discount eligible services from McLeodUSA are eligible for a Term and Volume Discount. The Term and Volume Discount percentage may change from month to month if the Customer=s monthly volume of charges for certain eligible services increases or decreases. Only eligible services purchased under a single service agreement count towards the applicable Term and Volume Discount. Discounts do not apply to any non-recurring charges, federal, state and local use, excise, sales and privilege taxes; applicable surcharges related to universal service programs, emergency telephone service (911/E911), telecommunications relay service for the hearing impaired; payphone surcharges; and other similar surcharges for required programs.

3.9 Remote Call Forwarding

Remote Call Forwarding (RCF) is a local exchange telecommunications service feature whereby all calls dialed to a telephone number equipped for RCF are automatically forwarded to another dialable exchange or 8XX Service telephone number. The calling party pays only the applicable charges to call the number equipped with an RCF feature, while the RCF Customer pays the applicable charges for the forwarded portion of the call. Remote Call Forwarding service is offered subject to availability of suitable facilities. Remote Call Forwarding service is not offered where the terminating station is a coin telephone. McLeodUSA will not provide identification of the originating telephone number to the RCF Customer.

3.10 Private Switch Automatic Location Identification (PS/ALI)

This service is offered subject to the availability of appropriate facilities. It enables the customer to interface with the E911 database to provide address and location information for the stations that operate behind their switch. This information includes the PBX customers' names, addresses, and other location information which are associated with specific PBX station telephone numbers. The PS/ALI customer may be a municipality or other state or local governmental unit, or an authorized agent of one or more municipalities or other state or local governmental units to whom authority has been lawfully delegated, or a PBX owner/operator who has been required or who desires to provide PBX station specific location information to the E911 system. The PS/ALI customer must be authorized by the 911 jurisdiction to subscribe to PS/ALI service, and obtaining such authorization is the responsibility of the customer.

This service is offered as either Standard or Advanced. For Standard PS/ ALI, information is loaded and managed via McLeodUSA=s existing interface to the database provider. For Advanced PS/ALI, the customer manages 911 information via a direct PC interface to the database provider.

(Market Expansion Lines (MEL) are grandfathered and moved to Section 6.34.)

---

3.0 Description of Services Offered (cont'd)

3.11 Group Billing

This service is a unique invoice option for business customers with multiple locations. Group Billing allows customers to establish a tier system in which a main or Aparent@ account can have multiple sub or Achild@ accounts and pay the Achild@ invoices for all locations, some locations or no locations. Summary information is available to the Aparent@ for all Achild@ accounts and Achild@ accounts can receive individual invoice detail regardless of who is remitting payment. Group Billing can be used in partnership with McLeodUSA=s Toll Free application.

At service set-up, customer must determine the locations responsible for payment remittance. Although Achild@ accounts may be responsible for payment, Aparent@ accounts are ultimately responsible for past due balances on Achild@ accounts. If a Achild@ account disconnects service, any past due balance will be transferred to the Aparent@ account. Payment disputes between Aparent@ and Achild@ accounts are not the responsibility of McLeodUSA.

3.12 Direct Trunk Overflow

The Direct Trunk Overflow (DTO) feature, where available, gives the Customer another termination option if all of their DID trunks are busy. This all-trunks-busy condition may be caused either by legitimate heavy incoming traffic or by a trouble condition where the T-1 system is down and the 5ESS senses that trouble as an all-trunks-busy condition. During either busy condition, the incoming call attempts to terminate to the DID group. When the 5ESS sees all trunks busy, it will choose an alternate route for the call to a telephone number that is programmed in the 5ESS only. This telephone number has the Call Forward Remote feature assigned to it and forwards the call to a number chosen by the Customer.

Remote Access DTO enables the customer to activate and/or update the Call Forwarding on their DTO from any location. The customer uses a provided remote-access toll free number, the DTO Call Forwarding line and their four-digit PIN to review or change their call forwarding number.

Rates for DTO and Remote Access DTO can be found in Section 4.3.3.

4.0 Rates and Charges

4.1 Nonrecurring Charges

4.1.1 Early Termination Charges

If a Customer terminates service prior to the expiration of the term of the contract (see Section 2.5) without cause, the Customer will be required to pay an early termination charge as set forth in the contract for service.

4.1.2 Third Party Vendor Charges

Customers may also be charged for certain charges incurred by McLeodUSA (at the Customer's instruction) in obtaining services from third party vendors. At the earliest opportunity, the Customer will be advised of the nature of the charges and the estimated amount of the charges.

4.1.3 Reconnection Fee

Business: \$ 22.00 Residential: \$17.00

This charge applies to reconnect service after service has been suspended and is due at the time services are restored.

4.1.4 Nonsufficient Funds Charge (NSF Checks)

The NSF check charge shall be \$25.00, or the highest amount permitted by law. This charge applies when a check has been returned by the bank for non-payment.

4.1.5 PIC/LPIC Change Charge

Initial PIC/LPIC selections will be processed at a \$5.00 charge per line, which may be waived if the Customer chooses McLeodUSA as their long distance provider. A non-recurring \$5.00 charge shall be applicable to all subsequent PIC/LPIC changes. If a PIC/LPIC change is initiated by an IXC on behalf of the Customer, and the Customer denies having made a change, and the IXC is unable to produce documentation of the change with a letter of agency signed by the Customer; then the Customer will be reassigned to its previously selected PIC/LPIC and the charge will be assessed to the IXC.

---

4.0 Rates and Charges (cont'd)

4.1 Nonrecurring Charges (cont'd)

4.1.6 Technician Dispatch Charge

This charge applies when the Company dispatches either its own, or a third-party technician, to a customer premises to test the line from the central office, up to the demarcation point, and the line tests clear (no trouble found in the Company facilities). No Technician Dispatch Charge shall apply if the customer subscribes to an inside wire maintenance plan, or trouble is found on the network side of the demarcation point. This charge is calculated from the time Company personnel are dispatched to the Customer Premise, until work is completed. After the first thirty (30) minutes, time is billed in 15-minute increments.

\$50 for first 30 min, then \$75 each hour (Mon –Fri 8-5)

\$75 for first 30 min, then \$95 each hour (Weekends and after 5:00)

(I, C)

||

(I, C)

4.1.7 Bill Copies

Residential Customer: \$5.00 per copy Business Customer: \$10.00 per copy

Additional and alternate bill copies will be available upon a customer's request. An additional bill copy is a secondary copy of the customer's initial bill and an alternate bill copy is an additional bill sent to a different address other than the billing address. Charges for the additional and alternate bill copies are noted above.

4.1.8 Account Handling Charge

Account Handling Charge: \$30.00 for each subsequent attempt

Account Handling Charge is assessed to a customer's account for each McLeodUSA attempt to return an outstanding credit balance to the customer if a first mailing is returned undeliverable.

This charge is for maintaining the account after the initial attempt and for each subsequent attempt. This charge will not be assessed more than twice a year.

4.1.9 Payphone Surcharge

Payphone Surcharge \$0.70 / per call

Payphone Surcharge is applied to all intrastate, interstate and international calls that originate from any domestic pay telephone used to access Company services. This charge is in addition to standard tariffed usage charges and surcharges.

---

4.0 Rates and Charges (cont=d)

4.1 Nonrecurring Charges (cont=d)

4.1.10 Order Charge

This charge will apply per order on POTs and IA for the following actions: ANI Swap, business to residential conversion, residential to business conversion, Change of Ownership, Add/Change/Remove Directory Listing, Add/Change/Remove Blocking Features, Add/Change/Remove Features, Add/Change/Remove Voicemail, RCF install, POTs to RCF conversion, package change, changes to seasonal lines.

This charge will also apply per order on Toll Free ANIs for, but not limited to, the following actions: Adding a Toll Free number, porting a Toll Free number, disconnecting a Toll Free number, changes such as area of service, POTS change, PIN change, blocking certain numbers or allowing certain numbers.

Business	\$20.00 / per order
Residential	\$20.00 / per order

4.1.11 Non-Standard Report Request

An Order Charge (described and listed in Section 4.1.10 of this tariff) will apply per report when a customer makes a non-standard report request, such as, but not limited to, Traffic Reports and LMS Detail Requests. An individual Order Charge will be applied for each report. Separate reports are required for each month or invoice, location and account.

(Account Service Fee is grandfathered and moved to Section 6.30)

(Access Recovery Surcharge is grandfathered and moved to Section 6.30)

6.0 Grandfathered Services/Products

6.1 Interexchange Service II

These rates apply to jurisdictional calls made by subscribers to Interexchange Service II in conjunction with Rate Table 13 in McLeod's interstate tariff.

<u>Option 1</u>	<u>Outbound Interexchange Service</u>	
	Total Usage	Rate Per Minute
	\$0 - \$24.99	\$0.1500
	\$25.00 - \$49.99	\$0.1350
	\$50.00 +	\$0.1200

Inbound Interexchange Service  
\$0.2200 per minute

<u>Option 2</u>	<u>OffPeak Option Interexchange Service</u>	
	<u>Outbound Rates</u>	
	Peak	\$0.2200
	OffPeak	\$0.1000
	<u>Inbound Rates All Time Periods</u>	
	Per Minute	\$0.2200
	<u>Calling Card Rates All Time Periods</u>	
	Per Minute	\$0.2500

<u>Option 3</u>	<u>Flat Rate Option Interexchange Service</u>	
	Monthly Charge: \$4.95	
	<u>Outbound Rates for All Time Periods:</u>	
	Per minute: \$0.10	
	<u>Inbound Rates for All Time Periods:</u>	
	Per minute: \$0.22	
	<u>Calling Card Rates All Time Periods:</u>	
	Per minute: \$0.25	

Note:

1. Rate Table 13 interexchange calls have a minimum initial period of one minute, and one minute additional periods.
2. Option 2 Rate periods: Peak -- 7:00 am through 6:59 pm Monday thru Friday; Off-Peak -- 7:00 pm through 6:59 am Monday thru Friday, all day Saturday and Sunday.
3. Calling card surcharge per call is \$0.35

6.0 Grandfathered Services/Rates (cont=d)

6.2 Five Cent Rate Plan

This plan is available to customers in lieu of otherwise applicable rates and discounts. All calls will be billed using a one minute minimum initial period with one minute minimum additional increments.

Monthly Charge:	\$4.95 in addition to other charges
Per minute, Eve/Night/WE Rate:	\$0.05
Per minute, Daytime:	\$0.22
Per minute, inbound 800:	\$0.22
Surcharge, Calling card	\$0.35 per call plus any applicable
Payphone surcharges	
Per minute, Calling Card:	\$0.25

Evening/Night/WeekEnd rates apply before 8:00 a.m. and after 6:00 p.m. on weekdays and all day on Saturday and Sunday. Daytime rates apply at all other times.

6.3 Basic Local Line Service

	<u>NRC</u>	<u>Mo - Mo</u>	<u>18 Mo.</u>	<u>36 Mo.</u>	<u>60 Mo.</u>
Outstate	\$47.90	\$35.90	\$34.90	\$33.90	\$24.69
Minneapolis/ St. Paul Metropolitan	\$47.90	\$41.90	\$37.90	\$34.90	\$31.47

~~Customers with an executed term agreement effective as of April 30, 1997, will continue to be charged a rate of \$43.75 in the Minneapolis/St. Paul area, and all other areas a rate of \$32.53.

6.0 Grandfathered Services/Products (cont'd)

6.4 Prepaid Debit Card As of the effective date of this tariff, this service shall no longer be offered to new customers.

Wholesale prepaid debit card rates apply to sales of card to distributors, who will in turn resell the cards (either directly or indirectly) to end user customers. Retail prepaid debit card rates apply to sales of card to distributors who will directly distribute the cards to end user customers without charge. Alternate Prepaid Debit Card pricing may be available through an ICB arrangement based on individualized needs of the purchaser.

In addition to the rates listed below, there is an additional fee of \$0.10 per calling card, plus \$0.03 per card with a Ascratch off@ PIN concealment feature. The standard payphone surcharge applies to all prepaid debit card calls placed from pay telephones.

6.5 PrimeLine7 Residential Service. **As of March 1, 2001, these services and related features are not available to new customers or customers moving to a new location.**

PrimeLine7 Residential Service is limited to service at premises which are strictly residential in nature and for which no business directory listing is provided. This service is offered as an add-on to the interstate PrimeLine7 Residential Service offering. The Basic Package consists of Local Service, Long Distance Service and Call Waiting. The Simple Package consists of Local Service and Long Distance service. Federal Access (EUCL), 911, LNP, PICC, USF and TRS surcharges will also be charged where applicable.

Non-Recurring Charge:

Installation fees are \$18.35 per line, whether for an initial or an additional line. This installation fee may be waived at time of upgrade. Customers who choose to cancel local service 60 days after the original installation date and before one year from the same date are subject to reimburse all or part of the previously waived charges.

3 for \$5 Feature Option:

**Effective January 19, 2006, this feature package is only available to customers where their service is provided via McLeodUSA local switching platform.**

Customers enrolling under an 18, 36 or 60 month term will be eligible to select the 3 for \$5 feature option. Under this option, a customer may select from 1-3 features at a monthly rate of \$5.00 per line. If a customer chooses to select only one feature on any line and the current price of that feature is less than \$5.00, the ala cart feature price will apply. In addition, if the customer has more than 3 features on a line, each additional feature will be charged at its current ala cart rate. No additional feature discounts will apply.

Features and rates marked with the A%@ on page 55 of this tariff are referenced herein as the options for this feature with the exception of Call Rejection, Continuous Redial and Last Call Return.

6.0 Grandfathered Services/Products

6.12 McLeodUSA Advantage Local Service. **As of December 31, 2002, this service will not be available to new customers or existing customers moving to a new location.**

Advantage Feature Package 2001A

If the following requirements are met, the customer is a "qualifying customer" for purposes of this feature package:

The customer must have selected McLeodUSA as its presubscribed carrier for local, interLATA, intraLATA, and international services, and must enter into a 60-month agreement for these services on or after May 1, 2001; and

The customer must purchase at least one data product (Web hosting, dial-up internet, or DSL) from McLeodUSA, at the same time the term agreement for voices services is entered into.

Qualifying customers who subscribe to Caller ID (Number Only) or Caller ID (Name and Number) service will receive a credit at least equal to the highest monthly price charged by McLeodUSA of the Caller ID option received, for each of the first three months of service. This offer is limited to areas where the local, long distance, Caller ID, and data services mentioned above are available.

Note: Only one of the above feature packages can be added per line. In either feature package, if more than allowed features are chosen, the additional features will be charged at the ala carte rate.

Other Features and Services

Reports - Enhanced

Long distance enhanced reports will be made available for business customers in Minneapolis. The following reports are available:

Customized Outbound Reports

Top 50 Called Geographic Areas, Top 50 Called Area Codes, Top 50 Called Numbers, Time of Day Analysis and Graphical Analysis, Day of Week Analysis and Graphical Analysis, and Longest Call Duration.

Customized Inbound Reports

Top 50 Inbound Calling Areas, Top 50 Inbound Originating Numbers, Time of Day Analysis and Graphical Analysis, and Day of Week Analysis and Graphical Analysis. In addition, the customer may also choose to have toll calls sorted by ANI, vs. the standard chronological order.

6.0 Grandfathered Services/Products

6.12 McLeodUSA Advantage Local Service. **As of December 31, 2002, this service will not be available to new customers or existing customers moving to a new location.**

Long Distance Service

Switched: Outbound and Toll Free Intrastate

All calls will be billed in 6-second increments.

Rate \$0.0750

Dedicated: Outbound and Toll Free Intrastate

This pricing is for Dynamic, Long Distance T-1 and Local T-1.

All calls will be billed in 6-second increments.

Rate \$0.0450

Calling Cards

The below rate is the rate per minute. All calls will be rounded and billed in 6-second increments. The below A La Carte rates are available to customers that have either only McLeodUSA long distance service or McLeodUSA local service. The Bundled rates are available to customers that have both McLeodUSA local AND long distance service.

A La Carte Rates

<u>Ceiling Rate</u>	<u>Mo-Mo</u>	<u>18 Mo</u>	<u>36 Mo</u>	<u>60 Mo</u>
\$0.3000	\$0.2200	\$0.2000	\$0.1900	\$0.1800

Bundles Rates

<u>Ceiling Rate</u>	<u>Mo-Mo</u>	<u>18 Mo</u>	<u>36 Mo</u>	<u>60 Mo</u>
\$0.3000	\$0.2200	\$0.1900	\$0.1800	\$0.1700

Payphone Surcharge: When a customer places a calling card call from a payphone, the customer will be assessed a per call surcharge of \$0.30.

Toll Free Numbers - If a customer has a Toll Free number and people calling the Toll Free number are using a payphone, the customer will be assessed a per call surcharge of \$0.30 for those calls.

6.0 Grandfathered Services/Products (cont=d)

6.13 Business Preferred AdvantageK Toll Free

**(Effective May 18, 2003, this product will no longer be available to new customers.)**

This is a switched Toll Free service that is available to all business customers. A monthly recurring fee of \$7.50 plus a per minute usage charge set forth below applies to each call. This toll free service is not available for any locations outside of the continental United States. All incoming toll free calls will be rounded and billed in 6-second increments.

Per Minute Intrastate Usage Rate \$0.20  
(Section 6.13 was previously found on sheet 81.)

6.14 Local T1

**(Effective February 2, 2004, this product will no longer be available to new customers. This product was previously found on sheet no. 83)**

**This service is not available in all areas, and is subject to approval by McLeodUSA, based on facilities availability and technical requirements. The Customer will be required to enter into a contract for this service. Recurring and nonrecurring charges for this product apply in lieu of other monthly or nonrecurring charges set forth in this tariff for similar services. Prices for this service include local dial tone and local usage, but do not include any applicable 911, toll charges or charges subject to the jurisdiction of the FCC. A minimum of 12 trunks must be active on the T1 facility.** Free installation is offered with a 60 month agreement as well as one free month of service with a 60 month agreement. (These offers only include the Facility and Trunks, not the LD, surcharges, or taxes associated with the account.)

6.19 Business Preferred AdvantageK Inter/Intra State Long Distance for Customers

Without Local

**(Effective March 28, 2004, this product will no longer be available to new customers.**

This service is available to business customers that do not purchase a bundled package of local and long distance service from McLeodUSA. Intrastate rates will be applied to any call record where the originating ANI is not provided by the customer or the originating carrier. These rates are based on an expected ratio of at least 80% of Customer=s long distance minutes in a given month terminating to an RBOC end-user and no more than 20% of the long distance minutes terminating to non-RBOC end users. If more than 20% of Customer=s total long distance call minutes in a month terminate to non-RBOC end users, then an additional charge of \$0.025/minute will be added for those long distance minutes in excess of the permitted 20% non-RBOC termination.

Per Minute Usage Rate: \$0.1322

(The above product was previously found on Sheet No. 79.3)

6.20 Business Preferred AdvantageK Inter/Intra State Long Distance for Customers with

**(Effective March 28, 2004, this product will no longer be available to new customers.**

This service is available to a Customer that purchases a bundled package of Preferred AdvantageK local and long distance voice service for all lines at a Customer physical location. Intrastate rates will be applied to any call record where the originating ANI is not provided by the customer or the originating carrier. These rates are based on an expected ratio of at least 80% of Customer=s long distance minutes in a given month terminating to an RBOC end-user and no more than 20% of the long distance minutes terminating to non-RBOC end users. If more than 20% of Customer=s total long distance call minutes in a month terminate to non-RBOC end users, then an additional charge of \$0.025/minute will be added for those long distance minutes in excess of the permitted 20% non-RBOC termination.

Per Minute Usage Rate: \$0.0768

(The above product was previously found on Sheet No. 79.3)

6.0 Grandfathered Services/Products (cont=d)

**Effective August 17, 2006, the Premium Preferred Package (Package B) is no longer available to new customers.**

6.25 Residential Local Service Packages (Moved from Sheet Nos. 48, 72, 73, 106, 107, 108, 109)

A Description

Residential Package B: Premium PreferredK Package

Residential Package B consists of local line switched service, Call Waiting, Three Way Calling, Call Forward Variable, Caller ID, Anonymous Call Rejection, Call Waiting ID, 900 Blocking, Last Call Return, Continuous Redial, Call Screening, Speed Call 8 and a Primary Directory Listing.

6.0 Grandfathered Services/Products (cont=d)

6.25 Residential Local Service Packages (cont=d)

B Rates - Residential

A Local Line Price Adjustment surcharge of \$6.00 is applied to each residential local line that was established prior to June 13, 2005 and is serviced out of a Resale CLLI (see Section 6.25(C)).

Residential Packages in In-State (Minneapolis-St. Paul - Rate Group 1)	
	Monthly Rate
Premium Preferred7 Package	\$37.90

Residential Packages in Out-State - Rate Group 2	
	Monthly Rate
Premium Preferred7 Package	\$37.90

The rates above are the recurring monthly rate for local service provided via McLeodUSA Switch. An additional surcharge or credit may apply to this monthly rate if McLeodUSA uses another service delivery platform (Network Elements or Resale) to provide service to customers served in a particular RBOC Central Office where service via McLeodUSA Switch is not available. The specific price for each Business Package in each CLLI in which McLeodUSA offers local service is set forth in Section 6.25(C).

**Effective February 24, 2008, these business Long Distance and Toll Free packages in this Section 6.29 are available for existing customers of record at the existing location, and are not available to new customers.**

A. Descriptions

Long Distance Interexchange Services

McLeodUSA long distance services are interexchange telephone services that allow customers to originate and terminate interexchange calls at locations within the state of Minnesota. A Customer must select McLeodUSA as their primary interexchange carrier for both Interstate and Intrastate long Distance. With the exception of Preferred Advantage7 long distance services, usage charges are based on the duration and time of day of each call when applicable. Where Customer=s local service is provided by McLeodUSA, McLeodUSA offers reduced long distance pricing on a nondiscriminatory basis provided all Customer=s local lines at a Customer location are served by McLeodUSA. Intrastate rates will be applied to any call record where the originating ANI is not provided by the customer or the originating carrier.

6.0 Grandfathered Services/Products (cont=d)

6.29 Long Distance and Toll Free Service Packages - Business (cont=d)

A. Descriptions (cont=d)

800 Services

McLeodUSA Preferred Advantage<sup>7</sup> 800 services are inward WATS services that permit intrastate calls to a customer's station in one location from stations in diverse geographical locations, and for which the McLeodUSA customer is billed for the calls rather than the call's originator. Unless otherwise specified, all McLeodUSA 800 calls are subject to a 30-second average connect time (i.e., total monthly minutes of use divided by total monthly calls must equal at least 30 seconds) for a given terminating service group. All calls are rounded up to the next higher increment. In the event that 800 calls do not meet the 30-second average connect time requirement, billable usage will be increased by a surcharge equal to the necessary number of minutes at the average cost per minute to meet the 30-second requirement. In addition, Customers may also order Originating ANI Sorting, which provides the Customer with a detailed monthly analysis of the originating telephone numbers of those placing 800 calls. A Customer must select McLeodUSA as their primary interexchange carrier for both Interstate and Intrastate long Distance. With the exception of Preferred Advantage<sup>7</sup> toll Free services, usage charges are based on the duration and time of day of each call when applicable. Where Customer=s local service is provided by McLeodUSA, McLeodUSA offers reduced long distance pricing on a nondiscriminatory basis provided all Customer=s local lines at a Customer location are served by McLeodUSA.

Preferred Advantage<sup>7</sup> Inter/Intrastate Toll Free Plus is available to business Customers that subscribe to Preferred Advantage<sup>7</sup> Inter/Intrastate Plan Plus.

Preferred Advantage<sup>7</sup> Dedicated Toll Free Plus provides dedicated inbound long distance services for business customers that bill over 50,000 minutes of long distance usage (i.e., both inbound and outbound Long Distance) per month per and purchase more than \$500 per month in telecommunications services from McLeodUSA. A direct connection must be established with the McLeodUSA network via a Dedicated Access Line (DAL).

Preferred Advantage<sup>7</sup> Business Flat Rate Toll Free provides switched inbound 1+ long distance service for business customers at one per minute rate for calls placed at any time of day. A monthly recurring charge will be assessed per Toll Free number. This service is only available to customers subscribing to Preferred Advantage<sup>7</sup> Business Flat Rate Long Distance.

---

6.0 Grandfathered Services/Products (cont=d)

6.29 Long Distance and Toll Free Service Packages - Business (cont=d)

A. Descriptions (cont=d)

800 Services (cont=d)

Preferred Advantage7 Toll Free Plus provides switched inbound 1+ long distance service to business customers with at least \$50.00 estimated monthly usage for long distance and toll free services, including conference calling, calling card and international long distance. This service is only available to customers subscribing to Preferred Advantage7 Long Distance Plus.

B. Products and Rates

Rate Table 4: Long Distance Services

McLeodUSA long distance services are interexchange telephone services that allow customers to originate calls from their telephone line and terminate calls to domestic (intrastate and interstate) and international points. All long distance calls will be recorded and all calls billed using the Overage Rate minutes will be billed in 6 second increments for business customers. All residential long distance calls will be recorded and billed in one-minute increments. All lines at a customer location must be PIC=ed to McLeodUSA for long distance service. Intrastate rates will be applied to any call record where the originating ANI is not provided by the customer or the originating carrier.

The long distance service minutes included in the Preferred Advantage7 Long Distance Packages apply to domestic intrastate calls, and to domestic interstate and to international calls as specified by McLeodUSA pursuant to federal regulation. Long Distance Packages exclude toll free, calling card, conference calling, and international usage. Customers not subscribing to a long distance package shall pay the overage rate per minute for all calls. Customers using more than the number of minutes in their selected long distance package for that particular location shall be charged a per minute overage rate for each minute of long distance usage in excess of the total minutes in the selected long distance package. For example, if a Business Customer has selected a 1,000 anytime LD minute package at Location A, and that Customer uses 1,005 minutes of long distance services in July at Location A, then the Customer=s August invoice will reflect an additional usage sensitive charge for the 5 minutes of overage long distance usage billed at the overage rate/minute set forth below. Customers may increase or decrease the size of their long distance package once a month without a non-recurring charge after having service for a minimum of ninety days. Any changes will become effective with the following billing cycle. All lines at a customer location must be PIC=ed to McLeodUSA for long distance service package.

6.29 Long Distance and Toll Free Service Packages - Business (cont=d)

B. Products and Rates (cont=d)

Rate Table 4: Long Distance Services (cont=d)

Preferred Advantage7 Inter/Intrastate Plan Plus provides switched outbound 1+ long distance services for Business Customers.

Preferred Advantage7 Dedicated Long Distance Plus provides dedicated outbound 1+ long distance services for business customers that bill over 50,000 minutes of long distance usage (*i.e.*, both inbound and outbound Long Distance) per month per and purchase more than \$500 per month in telecommunications services from McLeodUSA. A direct connection must be established with the McLeodUSA network via a Dedicated Access Line (DAL).

Preferred Advantage7 Flat Rate Long Distance provides switched outbound 1+ long distance at one per minute rate for calls placed at any time of day. Residential customers may choose between a usage rate service without a monthly fee or a reduced usage rate service with a monthly fee.

Preferred Advantage7 Long Distance Plus provides switched outbound 1+ long distance to business customers with at least \$50.00 estimated monthly usage for long distance and toll free services, including conference calling, calling card and international long distance usage. A ALD Promo Shortfall Charge@ equal to the difference between actual usage and \$50.00 will be assessed monthly, if applicable.

Rate Table 4.1.5: Preferred Advantage7 Dedicated Long Distance Plus

This service is available to non-carrier business customers that bill over 50,000 minutes of long distance usage per month (*i.e.*, both inbound and outbound Long Distance) and purchase more than \$500 per month in telecommunications services from McLeodUSA. A direct connection with the McLeodUSA network via a Dedicated Access Line (DAL) is required. DALs are either connected to a McLeodUSA switch or provided via an alternative vendor. This service can be provided where necessary facilities are available. This product is available for multiple locations, however, the monthly rates may vary due to state locations.

Pricing is based on per minute rates that incorporate the origination, transport and final termination of the customer=s call. Calls are billed in 6-second increments, with a 6-second minimum. Customer will be subject to an additional port charge of \$500 in any month in which Customer=s total monthly long distance usage is less than 50,000 minutes. A recurring charge will also be assessed for the DAL circuit.

Intrastate rates will be applied to any call record where the originating ANI is not provided by the customer or originating carrier.

Account Codes are available to provide customers auditing functionality for all long distance calls.

6.30 Account Service Fee and Access Recovery Surcharge (moved from Sheets 35, 75 and 76)  
**Effective January 1, 2009, these charges will only apply to existing customers.**

A. Description

An Account Service Fee will be applied to bills that do not meet a minimum >total current charges=. See Account Service Fee listed in Section 4.1 for the applicable rates. Also, an Access Recovery Surcharge, which is used to offset increased costs associated with gaining access to incumbent networks, will be assessed monthly on business customers that have four (4) or more lines or a circuit in the exchanges for Minneapolis/St. Paul metropolitan area, Duluth and St. Cloud. This fee is not a tax or charge imposed by a government entity. The ARS is based on the percentage of the total monthly recurring charges. See Access Recovery Surcharge listed in Section 6.30 for the applicable rates.

6.0 Grandfathered Services/Products (cont=d)

6.30 Account Service Fee and Access Recovery Surcharge (cont=d)

B. Rates

Account Service Fee

Residential: \$2.99 per account

Business: \$4.99 per account

The monthly Account Service Fee is assessed on accounts each month when the Atotal current charges@ are below \$10.00 for the month.

Access Recovery Surcharge:

The Access Recovery Surcharge (ARS) is not a fixed monthly recurring charge. Rather, the ARS is a percentage of the customer bill based on the total amount spent on services, less any taxes, surcharges or other non-qualifying fees. This fee is used to offset increased McLeodUSA expenses caused by a regulatory change. Specifically, the charge will recover the costs related to recent increases in our costs of gaining access to incumbent networks. This fee is not a tax or charge imposed by a government entity. It is applied to business customers that have four (4) or more lines or a circuit in the exchanges of Minneapolis/St. Paul metropolitan area, Duluth and St. Cloud. The ARS is calculated by application of a percentage to each customer's total monthly recurring charges for all services (MRC). The ARS percentage to be applied will be determined by the customer's total MRCs on its monthly invoice, based on the schedule outlined below.

Customer Account Monthly Recurring ARS

<u>MRC Revenue Tier</u>	<u>Charge %</u>
\$0.00 to \$200.00	10.00%
\$200.01 to \$400.00	9.00%
\$400.01 to \$500.00	8.00%
\$500.01 to \$1000.00	5.00%
\$1,000.01 to \$1,500.00	4.00%
\$1,500.01 to \$2,500.00	3.00%
\$2,500.01 to Unlimited	0.00%

6.0 Grandfathered Services/Products (cont=d)

6.31 Business Packages and Products (Moved from Sheets 52, 53, 54, 80, 81, 83, 123, 124, 125, 126, 127 and 128)

**Effective January 1, 2009, these services are no longer available to new customers or to existing customers at new locations. Existing customers will be able to request changes to services, provided the request does not conflict with state rules, regulations or laws.**

A. Descriptions

Business Package A: OneLine PreferredK Package

This package consists of local line switched service and a Primary Directory Listing.

Business Package C: Premium PreferredK Package

Business Package C consists of local line switched service, Call Waiting, Three Way Calling, Call Forward Variable/Busy/Don=t Answer, Called ID, Anonymous Call Rejection, Call Waiting ID, Speed Call 30, Call Transfer, Remote Access Call Forwarding and a Primary Directory Listing.

Business Package F - Preferred AdvantageK Plus Package

Existing Customers currently subscribing to grandfathered non-Preferred Advantage products are eligible to subscribe to Preferred Advantage<sup>SM</sup> Plus (APA Plus @) local line packages when renewing their service agreement with McLeodUSA by executing the Preferred Advantage agreement. PA Plus packages may include substitute or alternative line features currently purchased by the Customer that will permit them to migrate to a Preferred AdvantageK service agreement with little or no modification to the Customer=s current service configuration. Each Preferred AdvantageK Plus local package will be priced at the same rate as the standard Preferred Advantage local package with a comparable number or type of features.

Business Package G - Simple Preferred7 Select Package

Business Package X consists of local line switched service, Wire Care\*, and a choice of three (3) of the following features: Call Waiting, Call Waiting ID, Caller ID Name and Number, Call Forward Variable, Call Forward Busy, Call Forward Don=t Answer, Call Transfer, Anonymous Call Rejection, Call Screening, Continuous Redial, Basic Hunting, Last Call Return/Callback, Remote Access to Call Forward, Speed Call 30 and Three Way Calling.

Business Package H - Value Preferred7 Select Package

Business Package X consists of local line switched service, Wire Care\*, and a choice of seven (7) of the following features: Basic Voice Mail\*, Call Waiting, Call Waiting ID, Caller ID Name and Number, Call Forward Variable, Call Forward Busy, Call Forward Don=t Answer, Call Transfer, Anonymous Call Rejection, Call Screening, Continuous Redial, Basic Hunting, Last Call Return/Callback, Remote Access to Call Forward, Speed Call 30 and Three Way Calling.

**Note:** Some features may not be available in all areas.

\* Asterisk denotes non-regulated services.

6.0 Grandfathered Services/Products (cont=d)

6.31 Business Packages and Products (cont=d)

A. Descriptions (cont=d)

Business Package I - Preferred Advantage7 Unlimited

Business Package I consists of local line switched service, and a choice of any of the following features: Basic Voice Mail\*, Call Waiting, Call Waiting ID, Caller ID Name and Number, Call Forward Variable, Call Forward Busy, Call Forward Don=t Answer, Call Transfer, Anonymous Call Rejection, Call Screening, Continuous Redial, Basic Hunting, Last Call Return/Callback, Remote Access to Call Forward, Priority Call, Speed Call 30 and Three Way Calling. This package is only available when combined with the Unlimited Long Distance and no other long distance plans are available with this Business Package. This package is only available when McLeodUSA provides services using its own local switching facilities (see >Platform= in section 6.31 (C)).

Business Package J - Preferred Advantage7 Unlimited Highspeed

Business Package J consists of local line switched service, and a choice of any of the following features: Basic Voice Mail\*, Call Waiting, Call Waiting ID, Caller ID Name and Number, Call Forward Variable, Call Forward Busy, Call Forward Don=t Answer, Call Transfer, Anonymous Call Rejection, Call Screening, Continuous Redial, Basic Hunting, Last Call Return/Callback, Remote Access to Call Forward, Priority Call, Speed Call 30 and Three Way Calling. This package is only available when combined with the Unlimited Long Distance and Business ADSL service. No other long distance plans are available with this Business Package. This package is only available when McLeodUSA provides services using its own local switching facilities and where McLeodUSA offers DSL service (see >Platform= in section 6.31 (C)).

B. Rates

A Local Line Price Adjustment surcharge of \$7.00 is applied to each business local line that was established prior to June 13, 2005 and is serviced out of a Resale CLLI (see Section 6.31(C)).

6.0 Grandfathered Services/Products (cont=d)

6.32 T1/PRI Services (Moved from Sheets 60, 61, 99, 100, 101, 102, 103, 104, 105, 106, 107, 108, 109, 110, 111)

**Effective January 1, 2009, these services are no longer available to new customers or to existing customers at new locations. Existing customers will be able to request changes to services, provided the request does not conflict with state rules, regulations or laws.**

A. Descriptions

Local T1 Service

The Local T1 product provide high capacity local access services, with up to 24 channels. The T1 can be configured for either two-way trunk side service (Standard Trunks), or one-way DID (DID capable) service. When DID service is ordered, direct inward dialing (DID) numbers must be purchased from the Company. Rate elements are a Module Rate Element, a Local Distribution Channel Rate Element, Optional Elements, and applicable surcharges and taxes.

Dynamic T-1

The Dynamic Local T1 product terminates into a customer-provided PBX or hybrid system, via a customer-provided DTI or channel bank. When DID/DOD service is ordered, direct inward dialing (DID) numbers must be purchased from the Company.

Dynamic PRI

This product is a facility-based Local PRI product. It provides businesses advanced ISDN PRI capabilities for a variety of switched and dedicated communications applications. ISDN PRI consists of twenty-three 64 Kbps B channels and one 64 Kbps D channel. The D channel is used for signaling and control of the B channels. Any spare bandwidth that is not used for voice trunks, can be used to provide point-to-point data products. The Dynamic PRI terminates into a customer-provided PBX or hybrid system, via a customer-provided Digital Trunk Interface (DTI) or channel bank. When DID/DOD service is ordered, direct inward dialing (DID) numbers must be purchased from the Company.

PRI

This product, ISDN-PRI, provides voice and data communications capabilities via a 1.544 Mbps central office termination and a 1.544 Mbps end user=s premises. The product also provides high capacity local access services, with up to 24 channels of which 23 channels are 64 Kbps B channels and one channel is a D channel at 64 Kbps. The D channel is used for signaling and control of the B channels. When DID service is ordered, direct inward dialing (DID) numbers must be purchased from the Company. Rate elements are an ISDN Rate Element, a Local Distribution Channel Rate Element, Optional Elements, and applicable surcharges and taxes.

Dedicated Local Preferred T1 Service On-Switch Service

This service is intended to be utilized in conjunction with a customer-provided Private Branch Exchange (PBX) or similar system, utilizing a customer-provided DTI or channel bank. The service includes a digital T1 facility, local exchange switching and access to toll networks. Trunk signaling is done in-band. The customer shall be eligible for LD and Toll Free Plan w/ Local Access long distance rates on outbound toll services provided McLeodUSA. When Direct Inward Dial (DID) / Direct Outward Dial (DOD) service is ordered, DID numbers must be purchased from the Company. Where technically available, outbound calling ID number is a standard component of this service.

This service can be provided where necessary facilities are available on a minimum 12-month contract term, and with a minimum of 12 trunks required. Term and volume discounts may be available. Subsequent T1 facilities installed also require that minimum of 12 trunks be purchased on each facility. The customer can select from in-only, out-only or two-way communication trunks. Expedited service installation may be available for an additional fee, based on the agreement of the customer.

A Customer purchasing this service must represent to McLeodUSA that all traffic routed to McLeodUSA over the facilities will be traffic to which neither interstate nor intrastate access charges apply, according to the regulations of the FCC and the state PUC in the state to which the traffic will terminate. Each Customer subscribing to the service is required to periodically perform such traffic studies as are necessary to confirm this fact, and to immediately inform McLeodUSA if those studies do not confirm the fact.

A Customer subscribing to this service is also prohibited from stripping, changing, or in any way manipulating the telephone number of the calling party associated with each individual call, and to maintain call records showing the originating numbers for each call, to the extent those originating numbers are passed to Customer with the call.

Monthly recurring prices include up to 250 Direct Inward Dial (DID) numbers, with additional DID numbers in sequential blocks of 20 or non-sequential singles, at the Non-Recurring and Monthly Recurring rates below. Also included in the monthly recurring price are applicable End User Common Line (EUCL), Local Measured Service (LMS), Primary Interexchange Carrier Charges (PICC), and Mandatory Extended Area Service (EAS) charges.

B. Rates (cont=d)

Dedicated Local PRI Service On-Switch Service

This service is intended to be utilized in conjunction with a customer-provided Private Branch Exchange (PBX) or similar system, utilizing a customer-provided DTI or channel bank. The service includes a digital T1 facility, local exchange switching and access to toll networks. Trunk signaling is done out-of-band on a separate AD@ channel, typically the 24<sup>th</sup> trunk on the digital T1 facility. The customer shall be eligible for LD and Toll Free Plan w/ Local Access long distance rates on outbound toll services provided by McLeodUSA. When Direct Inward Dial (DID) / Direct Outward Dial (DOD) service is ordered, DID numbers must be purchased from the Company. Where technically available, inbound and outbound calling ID number is a standard component of this service.

This service can be provided where necessary facilities are available on a minimum 12-month contract term, and with a minimum of 12 trunks required. Term and volume discounts may be available. Subsequent T1 facilities installed also require that minimum of 12 trunks be purchased on each facility. The customer can select from in-only, out-only or two-way communication trunks. Expedited service installation may be available for an additional fee, based on the agreement of the customer.

A Customer purchasing this service must represent to McLeodUSA that all traffic routed to McLeodUSA over the facilities will be traffic to which neither interstate nor intrastate access charges apply, according to the regulations of the FCC and the state PUC in the state to which the traffic will terminate. Each Customer subscribing to the service is required to periodically perform such traffic studies as are necessary to confirm this fact, and to immediately inform McLeodUSA if those studies do not confirm the fact.

Calling Party Name & Number is an included feature and allows the customer to receive this information from their call, assuming that their PBX system is capable of doing so, the calling ID party is served by a switch capable of passing that information, and the calling party has not blocked that information. This feature is offered where technically available

Call Transfer with Release is an included feature and allows the customer to transfer an inbound call on their PRI service to a person on an outbound trunk, then disconnect the call without the calling party and the party to which the call was transferred, being disconnected. This optimizes utilization on the customer PRI trunks. This feature is offered where technically available.

6.32 T1/PRI Services (cont=d)

B. Rates (cont=d)

Preferred AdvantageK Integrated Access Trunk

Product Description

The McLeodUSA Preferred Advantage Integrated Access (IA) Trunk solution is a full service communications product combining local voice and data over a single On-Switch T1 or PRI dedicated facility. The customer is eligible for LD and Toll Free Plan w/ Local Access pricing for calls carried by the same facility. An Integrated Access Device (IAD) will be placed at the customer=s premise and allow for delivery and integration of each service to the end customer. The Base Package for this product is 6 voice lines plus 256K (4 channels) of High-Speed Internet access with 8 static IP addresses, of which 5 are usable. High Speed Internet, Secure Metro Connections (metro frame), or Secure City-to-City Connections (standard frame) can be added, in single channel (64K) increments to the base package. Pricing does not include the loop, port, or PVC charges associated with multi-node frame services. Additional IP addresses are available for an additional charge. This service is not offered on a month-to-month basis; the customer will be required to sign a contract with a term of at least 1 year to purchase the service.

For this product, no separate charges apply for an End User Common Line (EUCL) charge, Presubscribed Interexchange Carrier Charge (PICC), Local Measured Service (LMS), or mandatory Extended Area Service (EAS). Taxes and surcharges associated with E911 and universal service programs will be applied in addition to the rates in this section. Features will be available subject to technical requirements.

This product is available where McLeodUSA facilities permit. The customer must use IAD terminal equipment that will be owned and supplied by McLeodUSA at no additional charge to the customer. Basic managed services are provided at no additional cost to the customer. These are: proactive monitoring of the IAD, initial configuration assistance (not including LAN configuration settings), on-site replacement in case of equipment failure which is not the fault of the customer, and firmware upgrades as necessary. Other services may be provided at additional charge. McLeodUSA will maintain initial IAD customer configurations at the time of initial service turn-up, but will not capture or retain incremental configuration changes. If the customer voluntarily powers down the IAD, a technician may need to be dispatched and additional charges to the customer will result.

6.32 T1/PRI Services (cont=d)

B. Rates (cont=d)

Preferred AdvantageK Integrated Access Trunk (cont=d)

Additional voice and data channels can be added either at the time of installation or during the term of the Service Agreement, and added channels will have a term commitment that terminates at the same time as the Service Agreement. No more than 14 additional channels (13 additional channels if the facility is a PRI facility) can be added to a single base package. No more than 1 trunk group can be associated with a PRI facility, and no more than 7 trunk groups can be associated with a T1 facility.

All or part of nonrecurring charges for this product may be waived in the case of customers making a minimum term commitment of (1) year and taking into consideration the number of channels maintained by Customer. Customers may agree to additional pricing for inside wiring work. Term and volume discounts may also be applied.

Contract termination penalties as provided in the customer's Service Agreement will apply in the event that the customer does not maintain the Base Package for the term of the agreement. If the customer discontinues Integrated Access service with the company, McLeodUSA will retrieve the IAD and battery pack that had been deployed for the customer's use. The customer will incur additional charges in the event that the customer does not allow for the prompt retrieval of the IAD upon termination of service.

6.33 Preferred Advantage Calling Card and Preferred Advantage Conference Calling (Moved from Sheets 61, 65, 66, 114, 115 and 116)

**Effective January 1, 2009, these services are no longer available to new customers or to existing customers at new locations. Existing customers will be able to request changes to services, provided the request does not conflict with state rules, regulations or laws.**

B. Descriptions

Calling Card

This service allows the Customer to make telephone calls from any non-Customer location such as a payphone by dialing an 800 access number and a personal identification number before dialing the telephone number of the called party. The charges resulting from use of the Calling Card are billed to the Customer=s McLeodUSA account at the rates and charges set forth in the Rate Tables.

Preferred Advantage<sup>7</sup> Conference Calling

Conference Calling is the ability to have multiple parties listen and participate in meetings via telephone.

Anytime Conferencing

Anytime Conferencing Audio

Anytime Conferencing allows you to hold a conference call any time without operator assistance. Anytime Conferencing conference room is available 24/7 and can host up to 100 participants. Anytime Conference may be uses with the Web Conferencing interface Conference Calling Control Panel to moderate a call, show a Power Point<sup>7</sup> presentation or share documents in a fully collaborative environment.

Anytime Conferencing with Web

Anytime Conferencing Anytime Conferencing Web enables a caller to share presentations, applications and documents on the Internet with other participants.

Basic Assisted and Event Conferencing

Basic Assisted

Basic Assisted provides minimal operator support. Basic Assisted Conference call is ordered for less than 45 participants. A live operator will answer to both the call organizer and participants, gather each participant's name and other information required and announces each participant as s/he is placed into conference. The operator may conduct a roll call and then turn the call over to the Chairperson. The operator is always available by pressing 'star, zero' (\*0).

Event Conferencing

Event Conferencing is a professionally managed conference call, reserved in advance, and designed specifically for large event style conference calls or calls that require the personal touch of an operator.

Participants dial in from any location or the Event Conferencing team will dial out to participants. A dedicated operator manages the call from start to finish.

6.33 Preferred Advantage Calling Card and Preferred Advantage Conference Calling (cont=d)

A. Descriptions (cont=d)

Preferred Advantage7 Conference Calling (cont=d)

Standard Services available

With each of the two following standard services, clients have two options:

- § Attended Call: Facilitator monitors the conference call to add any assistance that may be needed.
- § Unattended Call: No facilitator is present, but a facilitator is available at any time by pressing \*O on the phone.

Basic Assisted and Event Conferencing Products

Toll Free Meet Me

Participants call a pre-determined toll free number at a specified time. A conference call operator will greet the participants and ask for the name of the conference chairperson. Participants will be placed on music hold or into the open conference until all parties have arrived. Once all parties have arrived, the conference will be turned over to the chairperson. The conference fees are charged to the hosting organization.

Domestic Dial-Out

Conference Center facilitators dial-out to all participants prior to the scheduled conference. The hosting organization is charged the long distance and conference bridging fees.

Local Meet Me

Participants call a pre-determined toll free number at a specified time. A conference call operator will greet the participants and ask for the name of the conference chairperson. Participants will be placed on music hold or into the open conference until all parties have arrived. Once all parties have arrived, the conference will be turned over to the chairperson. Except for the LD toll charges, the conference fees are charged to the hosting organization. Each participant will be responsible for the long distance per minute charges that they incur while on the call.

Passcode

Passcode Conferencing provides an automated service that allows you to schedule a call in advance by a speaking to a reservationist. Each time a call is scheduled, a new access number and room number is provided to you.

6.33 Preferred Advantage Calling Card and Preferred Advantage Conference Calling (cont=d)

B. Rates

Rate Table 6: Preferred AdvantageK Calling Card

Calling Card services are billed at a per minute rate. All calls will be rounded up to the next full minute. Calling Cards are available to customers that have McLeodUSA long distance, McLeodUSA local service or both. Calling Card minutes are excluded from any Preferred AdvantageK Long Distance Package bucket of minutes. No non-recurring or monthly recurring charges apply. All charges are usage sensitive and subject to certain surcharges.

Rate Table 6.1: Business Preferred AdvantageK Calling Card

All calls billed at \$0.17/minute using the following increments:

<u>Call Type</u>	<u>Initial Increment</u>	<u>Additional increments</u>	<u>Surcharge</u>
within US	30 seconds	6 seconds	\$0.00
US to International	30 second	6 seconds	\$1.50
International Call to US	whole minute	whole minute	\$2.50

Extended Area Calling: \$0.17/minute

Payphone Surcharge

Calling Cards - When a customer places a calling card call from a payphone, the customer will be assessed a per call payphone surcharge listed in Section 4.1.9.

Toll Free Numbers - If a customer has a Toll Free number and people calling the Toll Free number are using a payphone, the customer will be assessed a per call payphone surcharge listed in Section 4.1.9 for those calls.

Rate Table 6.2: Residential Preferred AdvantageK Calling Card

All calls billed at \$0.25/minute using the following increments:

<u>Call Type</u>	<u>Initial Increment</u>	<u>Additional increments</u>	<u>Surcharge</u>
within US	30 seconds	6 seconds	\$0.00
US to International	30 second	6 seconds	\$1.50
International Call to US	whole minute	whole minute	\$2.50

Extended Area Calling: \$0.25/minute

Payphone Surcharge

Calling Cards - When a customer places a calling card call from a payphone, the customer will be assessed a per call payphone surcharge listed in Section 4.1.9.

Toll Free Numbers - If a customer has a Toll Free number and people calling the Toll Free number are using a payphone, the customer will be assessed a per call payphone surcharge listed in Section 4.1.9 for those calls.

6.34 Long Distance Interexchange and 800 Services (Moved from Sheets 67, 68, 71, 85, 88, 89, 90, 91, 92, 93, 94, 95, 96 and 97)

**Effective January 1, 2009, these services are no longer available to new customers or to existing customers at new locations. Existing customers will be able to request changes to services, provided the request does not conflict with state rules, regulations or laws.**

A. Descriptions

McLeodUSA long distance services are interexchange telephone services that allow customers to originate and terminate interexchange calls at locations within the state of Minnesota. A Customer must select McLeodUSA as their primary interexchange carrier for both Interstate and Intrastate long Distance. Usage charges are based on the duration and time of day of each call when applicable.

Where Customer=s local service is provided by McLeodUSA, McLeodUSA offers reduced long distance pricing on a nondiscriminatory basis provided all Customer=s local lines at a Customer location are served by McLeodUSA. Intrastate rates will be applied to any call record where the originating ANI is not provided by the customer or the originating carrier.

---

6.0 Grandfathered Services/Products (cont=d)

6.34 Long Distance Interexchange and 800 Services (cont=d)

A. Descriptions (cont=d)

McLeodUSA 800 services are inward WATS services that permit intrastate calls to a customer's station in one location from stations in diverse geographical locations, and for which the McLeodUSA customer is billed for the calls rather than the call's originator. Unless otherwise specified, all McLeodUSA 800 calls are subject to a 30-second average connect time (i.e., total monthly minutes of use divided by total monthly calls must equal at least 30 seconds) for a given terminating service group. All calls are rounded up to the next higher increment. In the event that 800 calls do not meet the 30-second average connect time requirement, billable usage will be increased by a surcharge equal to the necessary number of minutes at the average cost per minute to meet the 30-second requirement. In addition, Customers may also order Originating ANI Sorting, which provides the Customer with a detailed monthly analysis of the originating telephone numbers of those placing 800 calls. A Customer must select McLeodUSA as their primary interexchange carrier for both Interstate and Intrastate long Distance. With the exception of Preferred Advantage<sup>7</sup> toll Free services, usage charges are based on the duration and time of day of each call when applicable.

Long Distance and Toll Free Packages consist of a bucket anytime minutes used by the Customer for outgoing domestic long distance calls. Long distance minutes used in excess of the bucket of minutes shall be billed at the AVERAGE rate per minute.@

Dedicated Select LD and Toll Free Plan provides dedicated inbound long distance services and outbound 1+ long distance services for business customers that bill over 50,000 minutes of long distance usage (i.e., both inbound and outbound Long Distance) per month per DAL from McLeodUSA. A direct connection must be established with the McLeodUSA network via a Dedicated Access Line (DAL). Any McLeodUSA business customer that has a DAL has 3 months to "ramp up" their monthly DAL usage to 50,000 minutes per month per DAL. Beginning the fourth month of billing the customer will be assessed a \$500 shortfall charge per DAL if the customer does not bill more than 50,000 minutes per month per DAL from McLeodUSA

LD and Toll Free Plan w/o Local Access and LD and Toll Free Plan w/ Local Access provide switched inbound and outbound 1+ long distance services for Business Customers.

LD and Toll Free Select Plan w/o Local Access and LD and Toll Free Select Plan w/ Local Access provide switched inbound and outbound 1+ long distance to business customers with at least \$50.00 estimated monthly usage for long distance and toll free services, including conference calling, calling card and international long distance usage.

6.0 Grandfathered Services/Products (cont=d)

6.34 Long Distance Interexchange and 800 Services (cont=d)

A. Descriptions (cont=d)

Unlimited Long Distance provides switched outbound 1+ long distance in an unlimited minute usage to domestic and Canadian terminations per ANI per month. No auto-dialers, modems or call generation equipment of any kind is permitted. A threshold of 3,000 maximum minutes per ANI per month will be treated as an indication of call generation equipment usage. Usage that exceeds 3,000 minutes per ANI per month will be billed at \$0.12 per minute for all minutes that exceed the 3,000 minute threshold. Call details for minutes that exceed the 3,000 minute threshold will appear on the monthly invoice, and the customer may request the call detail for the minutes that fall below the 3,000 minute threshold. This package is only available when combined with the Preferred Advantage Unlimited package. No other local packages are available with the Unlimited Long Distance plan. This plan is only available when McLeodUSA provides services using its own local switching facilities.

Market Expansion Line (MEL)

MEL is a service whereby a call placed from an exchange access service to a MEL customer=s telephone number (the forwarded-to location) is automatically forwarded by telephone company serving office equipment to the customer=s remote location. Terminating stations must have incoming call capability. MELs are available when used in conjunction with long distance or 800 Service.

B. Rates

Rate Table 3.5: Market Expansion Lines (MEL)

Monthly rate for a feature may vary depending on whether service is provided via McLeodUSA local switching platform. See section 5.1 to determine the platform that services are provided.

	<u>Monthly Rates</u>	
	McLeodUSA Switch Facilities	Non-McLeodUSA Switch Facilities
	<u>In &amp; Out State</u>	<u>In &amp; Out State</u>
Per Path	\$18.00	\$18.00
Usage - Per Minute	\$0.03*	\$0.03*

6.34 Long Distance Interexchange and 800 Services (cont=d)

B. Rates (cont=d)

Rate Table 4: Long Distance and 800 Services

McLeodUSA long distance services are interexchange telephone services that allow customers to originate calls from their telephone line and terminate calls to domestic (intrastate and interstate) and international points. All long distance calls will be recorded and all calls billed using the Overage Rate minutes will be billed in 6 second increments for business customers. All residential long distance calls will be recorded and billed in one-minute increments. All lines at a customer location must be PIC=d to McLeodUSA for long distance service. Intrastate rates will be applied to any call record where the originating ANI is not provided by the customer or the originating carrier.

The long distance service minutes included in the Long Distance and Toll Free plans apply to domestic intrastate calls, domestic interstate, extended calls (Alaska and Hawaii), NANP calls and to international calls as specified by McLeodUSA pursuant to federal regulation. All lines at a customer location must be PIC=d to McLeodUSA for long distance service package.

Dedicated Select LD and Toll Free Plan provides dedicated inbound long distance services and outbound 1+ long distance services for business customers that bill over 50,000 minutes of long distance usage (i.e., both inbound and outbound Long Distance) per month per DAL from McLeodUSA. A direct connection must be established with the McLeodUSA network via a Dedicated Access Line (DAL). Any McLeodUSA business customer that has a DAL has 3 months to "ramp up" their monthly DAL usage to 50,000 minutes per month per DAL. Beginning the fourth month of billing the customer will be assessed a \$500 shortfall charge per DAL if the customer does not bill more than 50,000 minutes per month per DAL from McLeodUSA.

LD and Toll Free Plan w/o Local Access and LD and Toll Free Plan w/ Local Access provide switched inbound and outbound 1+ long distance services for Business Customers.

LD and Toll Free Select Plan w/o Local Access and LD and Toll Free Select Plan w/ Local Access provide switched inbound and outbound 1+ long distance to business customers with at least \$50.00 estimated monthly usage for long distance and toll free services, including conference calling, calling card and international long distance usage. A ALD Shortfall Charge@ equal to the difference between actual usage and \$50.00 will be assessed monthly, if applicable.

A monthly recurring \$1.00 Toll Free Fee will be applied to each Toll Free number that is active in the McLeodUSA Resporg at the time of invoicing.

B. Rates (cont=d)

Rate Table 4.1: Business Long Distance and 800 Service Packages and Overage Rates for Customers with Local Service Provided by McLeodUSA

This service is available to Customers that purchase a bundled package of local and long distance voice service for a Customer=s physical location at which local service is provided by McLeodUSA for all local lines at that location. All lines at the location must be PIC=ed to McLeodUSA for both interLata and intraLata services.

<b>Business Preferred AdvantageK Long Distance With Local</b>	<b>Monthly Rate</b>	<b>Overage Rate/Minute</b>
Unlimited Long Distance	**	\$0.12

\*\* The monthly rate for the Unlimited Long Distance is included in the rates for the Preferred Advantage Unlimited or Preferred Advantage Unlimited Highspeed packages. (See section 6.31.)

Rate Table 4.1.1: Dedicated Select LD and Toll Free Plan

This service is available to business customers that bill over 50,000 minutes of long distance usage per month (*i.e.*, both inbound and outbound Long Distance) from McLeodUSA. A direct connection with the McLeodUSA network via a Dedicated Access Line (DAL) is required. DALs are either connected to a McLeodUSA switch or provided via an alternative vendor. This service can be provided where necessary facilities are available. This product is available for multiple locations, however, the monthly rates may vary due to state locations.

Pricing is based on per minute rates that incorporate the origination, transport and final termination of the customer=s call. Calls are billed in 6-second increments, with a 6-second minimum. Customer has 3 months from the time of the DAL turn up to ramp up to 50,000 minutes per month usage on that DAL. After that period, Customer will be subject to a charge of \$500 in any month in which Customer=s total monthly long distance usage is less than 50,000 minutes. A recurring charge will also be assessed for the DAL circuit.

Intrastate rates will be applied to any call record where the originating ANI is not provided by the customer or originating carrier. The toll free service is not available for any locations outside of the continental United States. Tailored Call Coverage and Route Overflow are available features.

Account Codes are available to provide customers auditing functionality for all long distance calls.

Per Minute Usage Rate LD:	\$0.0410
Per Minute Usage Rate Toll Free:	\$0.0650
