FREQUENTLY ASKED QUESTIONS

WHAT IS STREAMING?

Streaming uses the Internet to deliver audio and video entertainment to televisions, computers, game consoles and mobile devices, like smartphones or tablets. You can use your own streaming device (Fire TV Stick, Apple TV, etc.), a Smart TV or purchase a streaming device from Windstream.

IS THERE A DVR?

Yes! But recording doesn't require a bulky box. It's all done in "the cloud," so you can access your stored programs from anywhere with an adequate Internet connection.

DO I NEED KINETIC INTERNET?

Yes, Kinetic TV is available to existing and new Kinetic Internet customers. For the best streaming experience, you will need Internet speeds of at least 10 Mbps or higher.

WHAT CHANNELS ARE INCLUDED?

Kinetic offers a variety of packages with no contract. Kinetic TV Select – our base package – includes more than 70 channels, local channels, music, along with video on demand, 50 hours of Cloud DVR storage and three viewing streams. A complete list of packages and add-ons can be found inside.

DOWNLOADING THE KINETIC TV APP IS EASY.

Note: Before you get started you'll need the Kinetic TV username and password we issued in the Welcome Email.

1. Load the app store on your compatible device
2. Search for the Kinetic TV app
3. Download and install the app
4. Once downloaded, the Kinetic TV app will appear in the apps section of your device
5. Select the app icon to open it
6. Enter your Kinetic username and password and click Sign in.
